

## **SUBJECT: CERTIFICATION AND QUALIFICATIONS**

- a) In accordance with applicable statutes, Rules of the Board of Regents, and Regulations of the Commissioner of Education, each employee whose employment requires certification or other licensure shall inform the Superintendent of Schools immediately of any change in the status of his/her certification or licensure. The changes shall include, but not be limited to, the granting, revocation, upgrading, expiration, conversion and/or extension of these documents as to their periods of validity or their titles.
- b) The original certificates and/or licenses must be presented for examination and copying in the Office of the Administration and Personnel as soon as they are available to the employee. The copies will be maintained in the employee's personnel file in support of the legitimate employment of each affected employee. The failure of any such employee to possess the required certification or other licensure may result in the discharge of that employee.
- c) Whether or not the District verifies an individual's certification or licensure does not waive the responsibility of the employee to maintain what is required for his/her assignment.

### **Qualifications of Teachers**

- a) The District must ensure that all newly hired teachers in Title I programs who teach core academic subjects are highly qualified per Regulations of the Commissioner of Education. The term "core academic subjects" means English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography. A "highly qualified" teacher is one who has obtained full state certification as a teacher, or has passed the state teacher licensing examination, holds a license to teach in the state and has at least a bachelor's degree, and also must show subject matter competency in the subjects they teach.
- c) The District must ensure that on or after September 2, 2009 a candidate for a teaching certificate or license as a special education teacher shall, in addition to all other certification or licensing requirements, have completed enhanced course work or training in the area of children with autism. Such enhanced training shall also be completed by each certified school administrator or supervisor assigned to serve as a special education administrator. The enhanced course work or training shall be obtained from an institution or provider approved by the department except that a school district or a Board of Cooperative Educational Services (BOCES) may provide such training as part of its professional development program.
