COMMENCEMENT GOALS

Success for every student in the Levittown Public Schools is defined by the attainment of five Commencement Goals:

- Achieves mastery of all subject areas
- Applies problem-solving strategies
- Communicates and works well with others
- Engages in the challenges of lifelong learning
- Respects self, others, and the environment

Mr. Anthony Allison, *Assistant Principal*

Dear Parent/Guardian and Student:

Welcome to high school. This home portfolio is designed to provide you with the most important information you need to understand your path through high school and the graduation requirements. It also contains important information about the college planning process. We believe that if you understand what is required of you, you can actualize your highest level of achievement.

We are here to assist you through your high school career and help you plan for the future. Please do not hesitate to contact your counselor with any questions or concerns along the way.

We wish you four successful years of high school and we anticipate that the high school experience will be enriching.

Sincerely,

The High School Guidance and Counseling Staff
of Levittown Public Schools

Navigating High School

FRESHMAN YEAR

August/September

- Attend 9th grade orientation in August
- Actively participate in small group meeting with counselor in fall
- Seek extra help when needed from teachers throughout the year
- Self-advocate and be aware of resources within the building – teachers, counselors, support staff

October/November/December

- Become involved in school activities and volunteer for community activities
- Keep track of your activities using the attached student resume worksheet (see page 14)
- Develop time management skills to balance school work and extra-curricular activities
- Be aware of credits and Regents exams needed for graduation (see page 8)
- Attend Post-Secondary Planning Night at your high school
- Find out NCAA (National Collegiate Athletic Association) requirements if you want to play sports in college – visit www.eligibilitycenter.org for more information

January/February

- Meet with counselor to review academic progress and plan courses for 10th grade (see page 17 & 18 for AP/College Credit course offerings)
- Refer to scheduling and course request change procedures (see page 12)

March-June

- Register for SAT Subject Tests if appropriate (see page 16)
- Plan on visiting college campuses while on vacation
- READ, READ, READ over the summer – books, magazines, newspapers for pleasure

SOPHOMORE YEAR

September-November

- Continue to build a strong academic record and take challenging courses
- Continue to participate in activities and community service – don't forget to update your activity resume
- Consult with your counselor about taking the PSAT which is offered in OCTOBER

December-February

- If you took the PSAT, review the results with your counselor – plan to work on your weak areas to help you prepare for the SAT and/or ACT taken in your junior year
- When course catalog becomes available online, review offerings and consider electives of interest
- Meet with your counselor to review academic progress and plan courses for 11th grade
- Learn about vocational program opportunities available for 11th and 12th grade – visit the district course catalog for more information
- Attend College Planning Night with your parents to learn about the college process

March-June

- Complete Career Interest Inventory on Naviance (see page 15)
- Check out computer software and resources about colleges, careers and scholarships
- If enrolled in an AP class, continue to prepare for May AP exam
- Register for SAT Subject Tests if appropriate
- Plan on visiting college campuses while on vacation
- Explore summer opportunities to enrich your high school experience

JUNIOR YEAR

September/October

- Get off to a strong start in school
- Register for and take the PSAT & explore prep courses for the SAT

November/December/January

- Begin to research a preliminary college list using Naviance account
- Review PSAT test results
- Register for SAT, SAT Subject Tests and/or ACT tests (see page 16)
- Are you on track to meet your graduation requirements? – Meet with your counselor to review

February/March

- Surf the web for college, career and scholarship information
- Attend District wide College Planning Night in February
- Visit college campuses - *spring break is an excellent time*
- Begin researching summer opportunities
- Continue to participate in school and community activities
- Schedule junior conference appointment with your counselor

April/May/June

- Take appropriate SAT/ACT test
- Send for college information & begin a filing system for college material
- Make appointments for tours and/or interviews and visit colleges
- If enrolled in AP classes, continue to prepare for May AP exam
- Request teacher recommendation letters
- Take final exams and Regents exams in school
- Continue to update your Activity Sheet
- Begin organizing college essay(s)

July/August

- Do something meaningful during the summer that you can talk about in college essays and on interviews (e.g. volunteer, intern, employment, etc.)
- VISIT COLLEGES
- Register with the NCAA if you plan to play a Division I or II college sport

SENIOR YEAR

September

- Be sure you have all the courses and credits you need for graduation
- Register for the SAT, SAT Subject Tests, and/or ACT tests
- Ask for letters of recommendation from teachers, employers and others who know you well (if you have not already done so in spring of junior year)
- Meet with your counselor to review post-secondary plans
- If applicable, research military or vocational opportunities of interest – consult with your counselor

- Prepare college applications – submit your application to your counselor at least two weeks before its deadline – be mindful of early application deadlines!
- Attend Financial Aid Workshop at High School
- File CSS PROFILE Financial Aid form if your colleges require it
- Actively participate in mandatory college application workshops at your high school
- Attend Mini College Fairs at your high school

October

- Finish college essays and have them reviewed by your English teacher
- Check status of letters of recommendations
- FAFSA (Federal Financial Aid Forms) are available this month, complete and submit them as soon as possible after October 1st
- Continue visiting colleges
- Register for SAT, SAT Subjects Tests, and/or ACT exams
- Attend college fairs/open houses
- Begin to apply for scholarships – research information – visit your school's guidance website for scholarship bulletins throughout the year

November

- Finalize college choices and submit all applications – be aware of college admission deadlines!
- Take SAT, SAT Subject Tests and/or ACT exams
- Submit college applications – KEEP COPIES OF EVERYTHING YOU SEND OUT
- Send SAT, SAT Subjects Tests and/or ACT results directly to colleges
- Continue to check for Scholarship information

December/January/February/March

- NOTE: Colleges usually request mid-year grades – AVOID SENIOR-ITIS
- Are all your applications submitted?
- Notify your counselor of all college acceptances, rejections, and wait-listed status
- Continue to check for scholarships from colleges and vocational programs

April/May

- Make final decision about college – submit necessary deposit by May 1st
- Submit Graduation Exit Summary to your counselor – providing important information about post-secondary plans and scholarship information
- If enrolled in AP classes, take AP Exam in May

June

- Confirm post high school plans with your counselor
- Complete all final graduation requirements
- Meet all college deadlines to ensure your place in the college of your choice
- GRADUATION – Congratulations and Good Luck!

Graduation Requirements

In order to earn a Levittown School district diploma, every student must earn a minimum of 27 credits in addition to meeting specific testing competencies. Only those students who successfully complete the diploma requirements will take part in the graduation exercises:

Required Core Courses	Local Diploma (for student with IEP's only)	Regents Diploma	Regents Diploma with Advanced Designation
English	4 credits 1 Regents Exam (55 or higher)	4 credits 1 Regents Exam (65 or higher)	4 credits 1 Regents Exam (65 or higher)
Social Studies	4 credits 2 Regents Exam* (55 or higher)	4 credits 2 Regents Exam* (65 or higher)	4 credits 2 Regents Exam* (65 or higher)
Mathematics	4 credits** 1 Regents Exam (55 or higher)	4 credits** 1 Regents Exam (65 or higher)	4 credits** 3 Regents Exam (65 or higher)
Science	3 credits 1 Regents Exam (55 or higher)	3 credits 1 Regents Exam (65 or higher)	3 credits 2 Regents Exam (65 or higher)
World Language	1 credit	1 credit	3 credits
Physical Education	2 credits	2 credits	2 credits
Art and/or Music	1 credit	1 credit	1 credit
Health	0.5 credits	0.5 credits	0.5 credits
Electives	7.5 credits	7.5 credits	5.5 credits
TOTAL	27 credits	27 credits	27 credits

* See option below.

** This is a Levittown requirement. NYSED requires 3 credits of Mathematics. The 4th year of math may be substituted with a math-related class in technology, business, or science with the approval of the Principal and/or Asst. Supt. For Instruction.

Senior Interdisciplinary Research Paper Required for Graduation

Overview:

The **Senior Interdisciplinary Paper** is a project designed to combine your knowledge of history and literature. You will write a paper exploring the connection between historical eras/events and their impact on society. You will use literature of the period to support your assertions. The paper will be a joint assignment shared by the English Department and the Social Studies Department.

The senior interdisciplinary paper is considered a graduation requirement.

Diploma/Credential Requirements

Listed below are the 3 most common diploma types awarded to graduating students. Individual meetings will be held with students, parents and counselors to explore alternate pathways, if needed.

www.nysed.gov/common/nysed/files/programs/curriculum-instruction/diploma-and-credentials-summary-requirements.pdf

Diploma Type	Available to	Requirements
Regents	All Student Populations	5 required Regents exams with a score of 65 or better as follows: 1 Math, 1 Science, ELA, Global History and Geography, US History and Government http://www.p12.nysed.gov/part100/pages/1005.html#regentsdiploma
Regents with Advanced Designation	All Student Populations	A student must earn an additional 2 units of credit in LOTE or a 5 unit sequence in the Arts or CTE. These credits can be included in the 27 required credits. 8 required Regents exams with a score of 65 or better as follows: 3 Math, 2 Science, ELA, Global History and Geography, US History and Government; and either a locally developed Checkpoint B LOTE examination or a 5 unit sequence in the Arts or CTE http://www.p12.nysed.gov/part100/pages/1005.html#regentsAD
Local	Students with disabilities with an individualized education program or section 504 Accommodation Plan	Low Pass Safety Net Option: 5 required Regents exams with a score of 55 or better as follows: 1 Math, 1 Science, 1 ELA, 1 Global History and Geography, 1 US History and Government; http://www.p12.nysed.gov/part100/pages/1005.html#assessment or;

Non-diploma High School Exiting Credentials

Diploma Type	Available to	Requirements
Career Development and Occupational Studies Commencement Credential	Students with disabilities other than those who are assessed using the NYS Alternate Assessment (NYSSA)	<p>Completes a career plan; demonstrates attainment of the commencement level Career Development and Occupational Studies (CDOS) learning standards in the area of career exploration and development, integrated learning and universal foundation skills; satisfactorily completes the equivalent of 2 units of study (216 hours) in Career and Technical Education coursework and work-based learning (including at least 54 hours of work-based learning); and has at least 1 completed employability profile;</p> <p>OR</p> <p>Student meets criteria for a national work readiness credential .</p> <p>Credential may be a supplement to a regular diploma, or, if the student is unable to meet diploma standards, the credential may be awarded as the student's exiting credential provided the student has attended school for not less than 12 years, excluding Kindergarten.</p> <p>http://www.regents.nysed.gov/meetings/2013Meetings/April2013/413p12accesa1Revised.pdf</p>
Skills and Achievement Commencement Credential	Students w/ severe disabilities that are assessed using the NYS Alternate Assessment (NYSAA)	<p>All students with severe disabilities who attend school for not less than 12 years, excluding Kindergarten, exit with this credential which must be accompanied by a summary of the student's levels of achievement in academic and career development and occupational studies.</p> <p>http://www.p12.nysed.gov/specialed/publications/SACCMemo.htm</p> <p>http://www.p12.nysed.gov/part100/pages/1006.html</p>

High School Class Scheduling

The guidance departments at each school spend more than half of the school year working on student scheduling. Though each high school may have some slight differences in their process, the information below outlines the general procedures used to schedule students for the following school year:

- By December, the district publishes the course catalog. The catalog contains important information on the courses offered by the district including descriptions, prerequisites, and credit awarded. The course catalog also describes graduation requirements, college course opportunities and vocational education programs. This is the first place to look for anything related to courses.
- Between January and February, counselors will meet with all students to discuss their options for the upcoming year. Course selection sheets are given to students so they can review them with their parents. Counselors then meet with students to discuss course selection. Though parent meetings are not required, a parent may schedule a meeting with their child's guidance counselor at any time.
- By the middle of February, all student requests are taken and loaded into PowerSchool, our student management system. Student requests for the following year become available in the Parent Portal in mid-February. Parents have approximately one week to contact the Guidance office to make changes to these requests.
- From March through June, the guidance department works to create the master schedule. In late August, final student schedules can be viewed in the Parent Portal.

If you have any questions about the scheduling process, please do not hesitate to contact the guidance office.

Levittown School District
Student Schedule Change Request Procedures

Requests for changes will not be considered for any of the following reasons:

- Change teachers
- Change lunch periods (unless supported by medical documentation)
- Change to a more convenient and/or desirable period
- Group friends together in the same class

Process for schedule changes:

- Student picks up Change of Placement form from his/her Guidance Counselor
- Parent contacts teacher and/or Guidance Counselor to discuss reasons for change
- Teacher meets with student
- Student returns form signed by parent to Guidance Counselor
- Form is routed to teacher and Assistant Principal/Guidance Chairperson for approval

Please note the following conditions of a course change:

- Changes will not be considered until the end of the fourth week of class
- Students must remain in the original class until notified by their counselor
- For a level change, the grade in progress will follow the student to the new class. (AP/Honors grades will be weighted according to the district's formula.)
- The last date to request a course change without a transcript notation of "WP" or "WF" will be:
 - For a full year course – end of 2nd quarter
- For a semester course – end of 1st quarter for a Fall course or 3rd quarter for a Spring course
- Requests to change elective classes will generally not be addressed
- The student's schedule may have to be completely revised to accommodate the change.

College Recommendation Letters

One of the most important tasks for college bound students to tackle is securing recommendation letters. Colleges look not only for academically strong students, but individuals who will bring diversity to their campus. The letters should speak not only to the academic achievements of the student, but also the student's character, personality, motivation, and creativity. The letters give admissions associates some insight into the attributes a student has that are not listed on the student transcript.

It is important that a student carefully consider who will be asked to write such critical letters. Most colleges require between 1-2 letters from each student applicant. These letters should come from individuals who can write about the student both academically and personally. While most students choose teachers to write these letters, it is also important to consider asking someone outside the school if a student has had important experiences in community organizations, employment or religious institutions.

As with all aspects of the college application process, parents or students with any questions about college recommendation letters should speak to the guidance department.

Naviance Student

The Levittown School District has selected Naviance to assist us and our students in managing the college application process. Naviance Student is a comprehensive website that students and parents can use as a tool in planning for college.

We are pleased to make this resource available to our students, as a complement to the series of college-related activities and information sessions we offer to students and parents through middle school and high school.

How to Use “Naviance Student”

1. Access Naviance at: <https://student.naviance.com/dahs> (for Division Avenue students) OR <https://student.naviance.com/mhsny> (for MacArthur students).
2. On your first visit, click “I need to register” and enter your registration cod (available from guidance office) when prompted.
3. You will be asked for an e-mail account and you will need to choose a password.
4. Once you have established your account, you will access the site with your e-mail and password.
5. You may edit the information in “My Profile” and your parents can add their information as well.
6. You can begin to create a resume at “My Resume” by listing activities and awards.
7. Completing the survey questions under “My Game Plan” will be helpful to both you and your counselor.
8. You can begin to build a list of colleges you are interested in under “My Colleges”
9. You can begin to narrow the college search by completing the survey under “College Search”
10. You can gather information about colleges through “College Lookup”
11. “Scattergrams” becomes useful once enough test scores and other data are entered.
12. Scholarship information is listed under “Scholarships”

Standardized Testing

In general, college bound students will take one or more of the following standardized tests:

- PSAT/NMSQT or Preliminary SAT
- SAT Reasoning Test
- SAT Subject Tests
- ACT Assessment

PSAT/NMSQT Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test:

The PSAT/NMSQT is offered to sophomores and juniors. The test runs approximately 3 hours and covers: Evidence-Based Reading and Writing and Math. You may use these scores as a benchmark to help you research appropriate colleges. The National Merit Scholarship Corporation uses the results of this test to award scholarships to qualified eleventh grade students. Scores are not reported to colleges.

SAT Reasoning Test:

The SAT Reasoning Test is a measure of the critical thinking skills you will need for academic success in college. The SAT is typically taken by high school juniors and seniors. The SAT exam will measure skills and knowledge students need to be career and college ready. The SAT has a Math section and an Evidence-Based Reading and Writing section. Total scores will range from 400-1600. There is an optional essay which receives a separate score. It is administered seven times each year. Students may choose which scores are sent to the colleges.

SAT Subject Tests:

Subject Tests are designed to measure your knowledge and skills in particular subject areas, as well as your ability to apply that knowledge. Students take the Subject Tests to demonstrate to colleges their mastery of a specific subject.

Many colleges use the Subject Tests for admission, for course placement, and to advise students about course selection. Used in combination with other background information (your high school record, scores from other tests like the SAT Reasoning Test, teacher recommendations, etc.), they provide a dependable measure of your academic achievement and are a good predictor of future performance.

ACT (American College Test):

The ACT is the equivalent of the SAT Reasoning Test and is accepted by most colleges. The test has four subparts: English, Math, Science Reasoning and Reading. Generally students take the ACTs in the spring of their junior year and/or the fall of their senior year. Many colleges require that students take the ACT with the optional Writing Section if it is to be used in lieu of the SAT Reasoning Test. Certain colleges will accept the ACT in lieu of both the SAT Reasoning Test and SAT Subject Tests.

Online Registration:

Students can register for the SAT Reasoning Test and the SAT Subject Tests online at:

www.collegeboard.org

Students can register for the ACT online at:

www.actstudent.org

Advanced Placement Classes & Exams

Each year, students around the world who want to learn and achieve at the highest level become AP students. Through AP's college-level courses and exams, students who earn college credit and advanced placement, stand out in the admissions process, and learn from some of the most skilled, dedicated, and inspiring teachers in the world.

Students who are planning to enroll in Advanced Placement courses should plan to take the AP exam. Students may begin taking AP courses in tenth grade. For additional information on the Advanced Placement program, go to <http://apcentral.collegeboard.com>

Why take Advanced Placement Courses?

- Over 90% of 4-year colleges in the U.S. provide credit and/or advanced placement for qualifying scores.
- Demonstrate maturity and readiness for college.
- Emphasize commitment to academic excellence.
- Get a head start on college-level work.
- Improve writing skills and sharpen problem-solving techniques.
- Be part of a community of students and educators who are passionate, curious, and committed to academic excellence
- Take courses that are developed by leading professors to reflect the level of learning happening at colleges throughout the country

College Credit Courses

College Credit courses enable students to earn college credit for coursework. The courses are affiliated with a particular college, and the curriculum is college-approved. Just as important as the classes themselves, it is critical that parents and students review the prerequisites for these classes to ensure that they can be added to a student's schedule in 11th and 12th grades.

College level courses are listed in the course catalog each year and are subject to change. Please check descriptions in the course catalog for availability at a particular school.

As of the fall of 2019, the College Credit Courses available in the course catalog include:

ART:

Graphic Design I – LIU Post (3 credits)

Graphic Design II - LIU Post (6 credits)

BUSINESS:

Business Ownership and Marketing – SUNY Farmingdale (3 credits)

Intro to Business – LIU Post (3 credits)

Web Design II – SUNY Farmingdale (3 credits)

MATHEMATICS:

Finite Math - SUNY Farmingdale (3 credits)

Precalculus for College Credit Honors - SUNY Farmingdale (4 credits)

Precalculus for College Credit - SUNY Farmingdale (4 credits)

Probability & Statistics - SUNY Farmingdale (3 credits)

SCIENCE:

College Biology – Molloy College (8 credits)

TECHNOLOGY:

Architectural Drawing I - SUNY Farmingdale (2 credits)

Architectural Drawing II - SUNY Farmingdale (2 credits)

PLTW Design and Drawing – Rochester Institute of Technology (3 credits)

PLTW Civil Engineering & Architecture – Rochester Institute of Technology (3 credits)

PLTW Computer Integrated Manufacturing – Rochester Institute of Technology (3 credits)

WORLD LANGUAGES:

Spanish 4 Pre-AP Molloy College (6 credits)

French 5 Molloy College (3 credits)

Italian 5 Molloy College (3 credits)

Spanish 5 Molloy College (3 credits)

NCAA (National Collegiate Athletic Association)

If you are interested in playing sports in college, it is important to be aware of the NCAA eligibility requirements. The most current information can always be obtained at www.eligibilitycenter.org. The NCAA uses the grades in 16 core courses to determine eligibility. **STUDENTS MUST UNDERSTAND THAT THE GRADES THEY RECEIVE ALL THROUGHOUT HIGH SCHOOL WILL AFFECT WHETHER OR NOT THEY WILL BE ABLE TO PARTICIPATE IN A COLLEGE SPORT.**

NCAA CORE COURSES

DIVISION I

- 4 years of English
- 3 years of mathematics
- 2 years of natural/physical science (1 year of lab)
- 1 year of additional English, mathematics or natural/physical science
- 2 years of social science
- 4 years of additional, approved courses

DIVISION II

- 3 years of English
- 2 years of mathematics
- 2 years of natural/physical science (1 year of lab)
- 3 years of additional English, mathematics or natural/physical science
- 2 years of social science
- 4 years of additional, approved courses

For Division I, a sliding scale based on a Core Course GPA and Test Scores (SAT or ACT) is used.

For Division II, there is a minimum requirement for Core Course GPA and Test Scores.

*** All students who plan to participate in collegiate athletics at a Division I or Division II school need to register with the clearinghouse after they complete their junior year of high school.

Visit the NCAA website at www.eligibilitycenter.org to register online or call 1-800-638-3731 to request an application packet.

Financial Aid 101

WHAT ARE THE SOURCES FOR FINANCIAL AID?

80% - the federal and state governments, based on financial need

19% - the individual colleges themselves – grants, for merit, athletics, etc.

1% - private scholarships

TYPES OF FINANCIAL AID:

Grant - money that is given to a student, usually because of financial need

Scholarships - money that is awarded because of exceptional academic achievement or an outstanding talent or skill, not necessarily based on financial need

Work Study - allows the student to work on campus (usually 10-15 hours per week) to earn money towards college costs, based on financial need

Loan - money borrowed that must be repaid, based on financial need

COLLEGE APPLICATION FINANCIAL AID FORMS:

In order to apply for funds, you must complete at least one and sometimes several forms. The first is the Free Application for Federal Student Aid (FAFSA). The earliest you can submit this form is October 1st of the student's senior year of high school. The recommended method of filing is electronically, using FAFSA on the Web. A second financial aid application is the CSS Profile, which is a supplemental form often, used by private colleges. Some colleges may require their own institutional forms and deadlines may vary. You must check with the individual colleges for specific information.

FEDERAL FORMULA USED TO DETERMINE AID:

The FAFSA collects information on the student's and parent's income and assets for the prior fiscal year. After submitting the FAFSA, the student and the colleges listed on the FAFSA will receive a **Student Aid Report (SAR)**, which will include the **Expected Family Contribution (EFC)**. This is the amount the student's family is expected to pay for college the following year. The college's financial administrator then evaluates *all* the data (SAR, EFC and PROFILE, if required), and subtracts the adjusted EFC from the **Cost of Attendance** (tuition, room, board, fees, transportation, books and personal expenses). The difference is the student's financial *need*. The college then puts together a **Financial Aid Package** consisting of any combination of grants, scholarships, work-study and/or loans.

Scholarships

BEWARE OF SCHOLARSHIP SCAMS:

“For a fee, we provide a comprehensive list of scholarships.”

“Billions of dollars of award monies go unclaimed.”

“We will do all the work.”

Scholarship services do not have access to any sources that are not also available to you.

SCHOLARSHIPS AND AWARDS

There are thousands of scholarships and awards through public and private, local and national organizations that offer scholarships, both large and small. The criteria for these awards vary. You may qualify for one or more of the programs because of your:

- Academic achievements
- Religious affiliation
- Ethnic or racial heritage
- Community activities
- Special hobbies or interests
- Parents’ employers
- Organizational membership
- Artistic talent
- Athletic ability
- Career plans or field of study

Check with your Guidance and Counseling Department for specific information.

LOCAL SCHOLARSHIPS

There are many scholarships offered by Levittown organizations, such as the PTA. Make it a practice to check the offerings that become available throughout your junior and senior years by listening to morning announcements, reviewing the guidance department website on the Levittown Public Schools website, and referring to the material provided by your guidance counselor.
