upcoming 2019-2020 school year

### **What is Adventures in Local History?**

Adventures in Local History is a new program open to students in grades four through eight that is meant to enrich students' understanding of the importance of local history. Through the exploration of historical sites and museums located on Long Island, students will gain an increased understanding of the importance of historical figures and places all within local communities. This program is taught by certified Levittown Public School teachers.

To register, please go to:

Levittown Public Schools website and click on programs

## **What happens during Adventures in Local History?**

Each day of the program will be dedicated to a different historical local site and/or museum. Students will first engage in daily discussions and mini-lessons on the importance of specific Long Island sites that hold significance in local history. Students will then go to each of these sites where they will be given the opportunity to tour the site, engage in hands-on activities (where appropriate), and investigate for themselves why these places are important pieces of Long Island History.

## **Where will students go during Adventures in Local History?**

Tentative locations\* include – the Cradle of Aviation, the Long Island Museum of American Art & History, Old Bethpage Restoration, Sagamore Hill, and the Vanderbilt Museum & Planetarium. At each location students will take part in organized tours and activities related to the specific landmark.

## **Does my child need to bring anything to the program?**

Students should bring a bagged lunch, water bottle, and snack each day. If you choose, you may send your child with a small amount of money to purchase souvenirs and additional snack where available.
