March 25, 2020

Dear Parents and Guardians,

We are excited to share that remote learning is up and running. All service providers should be making contact by Friday March 27<sup>th</sup>. If you have not heard from a provider please contact your building psychologist at the elementary level and your special education chairperson at the secondary level.

Different providers will be using different modes of communication during this time. Special education teachers and speech therapists will primarily be using Edmodo. Some providers may be engaging in programs like zoom, google hang out and skype. As we move forward with remote learning we will attempt to provide group services as recommended on individual IEP's. If you are uncomfortable utilizing the above platforms in a group scenario please email your building psychologist or special education chairperson and inform them that you do not want your child to participate in group related services via live options such as zoom.

As always, the Levittown District is here to support you and your child. Please reach out if you have questions or concerns.

Further information regarding Corona Virus, contact information, and the District's remote learning can be found on the District website at <http://www.levittownschoools.com/resources/parent/corona-virus/>

Sincerely,

*Susan Farber*
