

Reopening Survey Review

Presentation to the Board of Education
November 18, 2020

Surveys

As part of our process to review our reopening protocols on a regular basis, the district created several surveys for various stakeholder groups:

- All Employees
- Parents of K-5 students
- Parents of 6-12 students
- Students in grade 6-12

Surveys were open from end of October until November 13th.

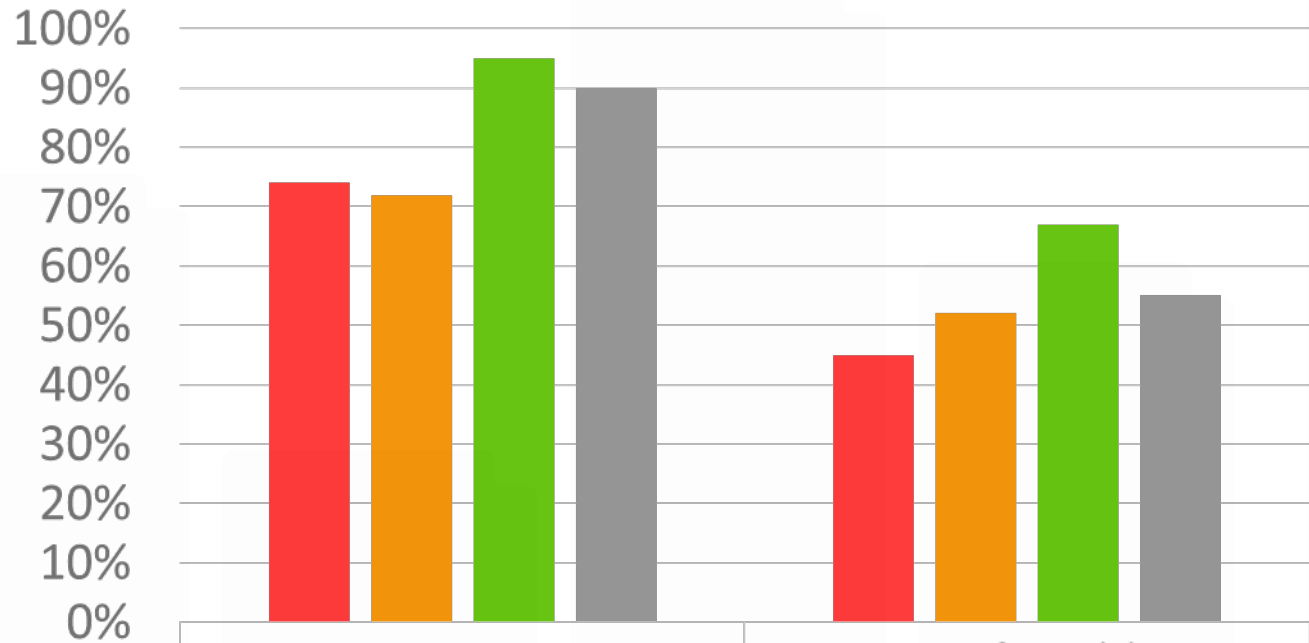

Survey Responses

- All Employees: 1138
- Parents of K-5 students: 1399
- Parents of 6-12 students: 1512
- Students in grade 6-12: 585

Comparison of Results

	Satisfaction with Reopening Protocols*	Comfortable Reducing Social Distancing**
■ Employees	74%	45%
■ Students	72%	52%
■ Parents K-5	95%	67%
■ Parents 6-12	90%	55%

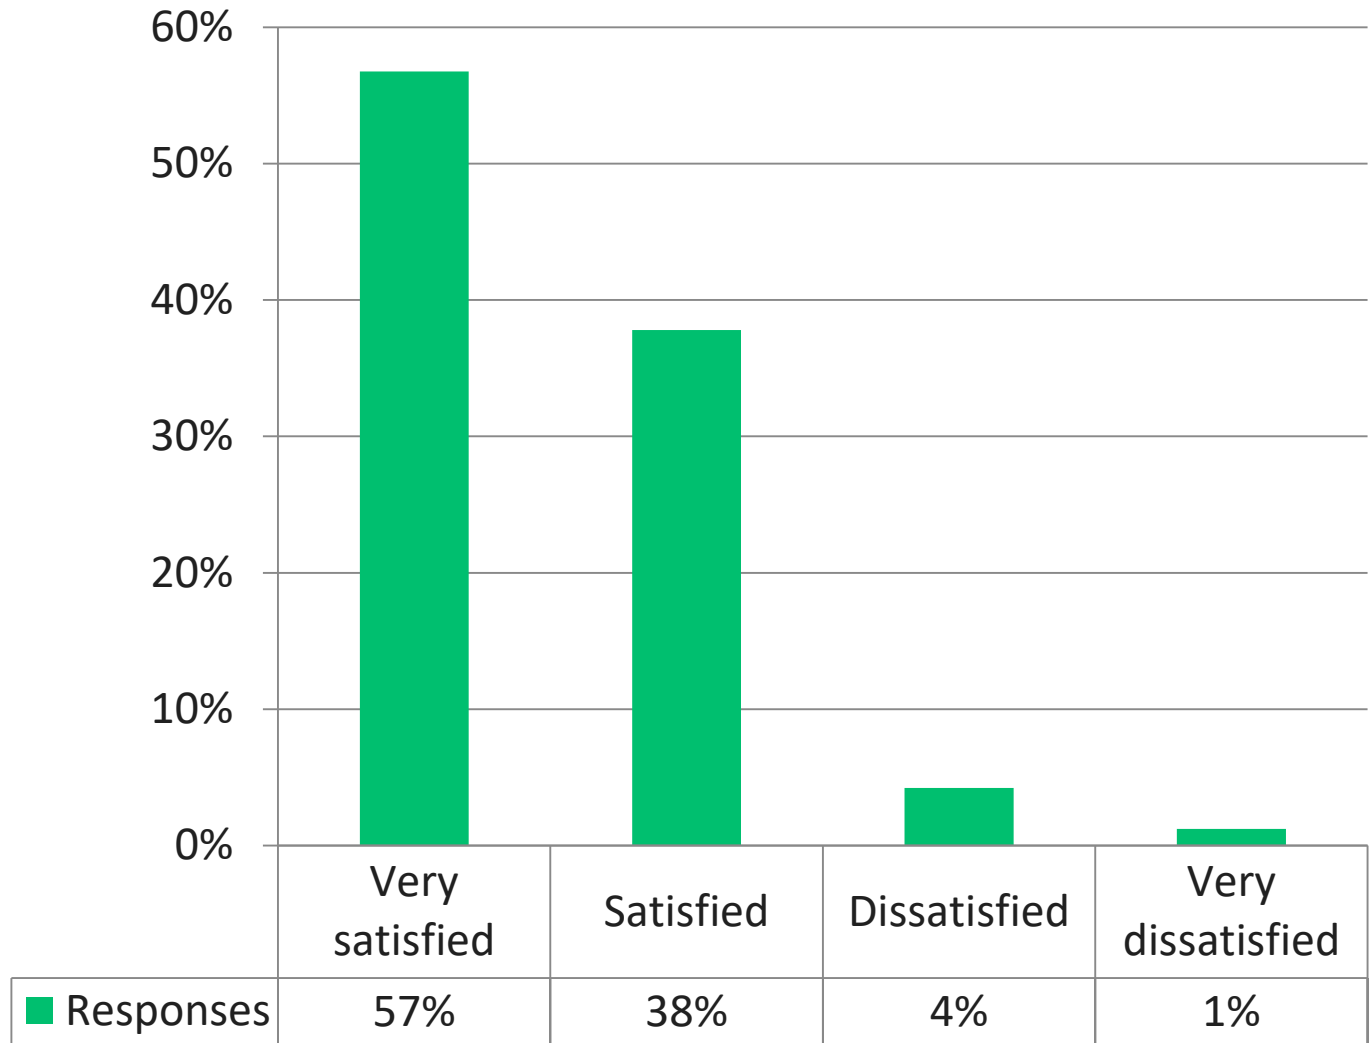

*- percent completely satisfied or somewhat satisfied

** - percent "comfortable" with reducing social distancing

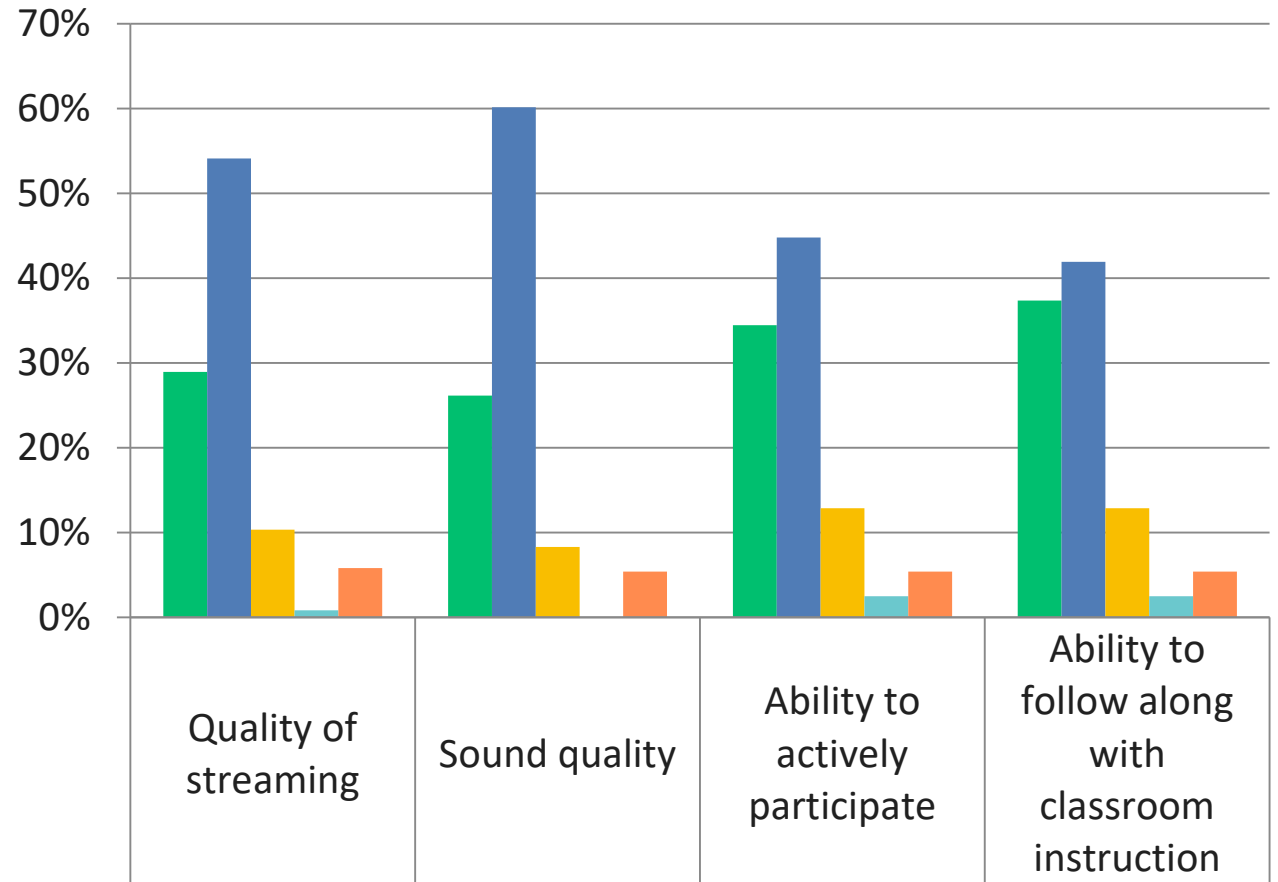

Elementary Survey Results

Overall, to what degree have you been satisfied with the way the district opened under the current COVID-19 situation?

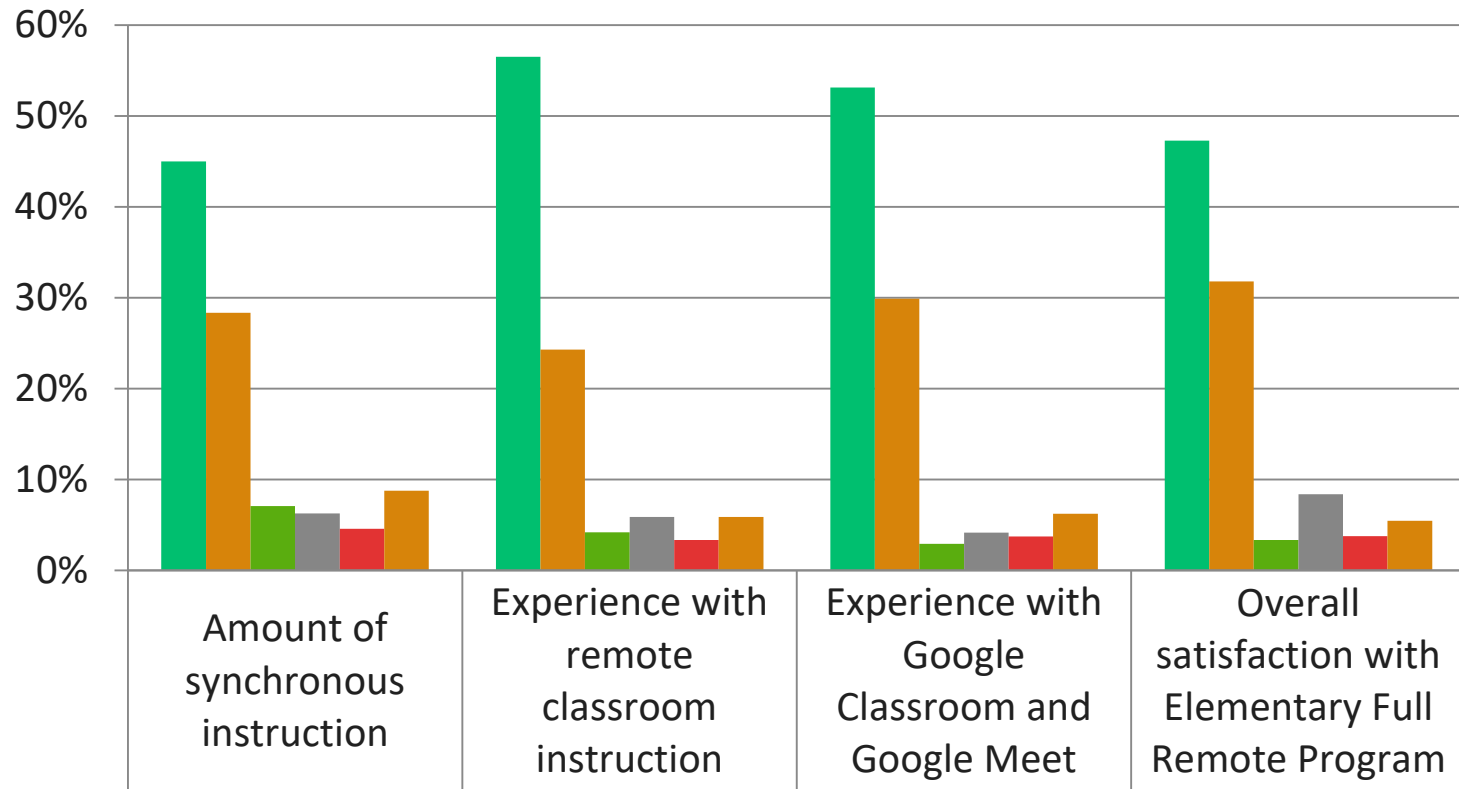

If your child is attending classes remotely, please rate the overall experience based on the following:

■ 4 - Excellent	29%	26%	34%	37%
■ 3 - Good	54%	60%	45%	42%
■ 2 - Fair	10%	8%	13%	13%
■ 1 - Poor	1%	0%	2%	2%
■ N/A	6%	5%	5%	5%

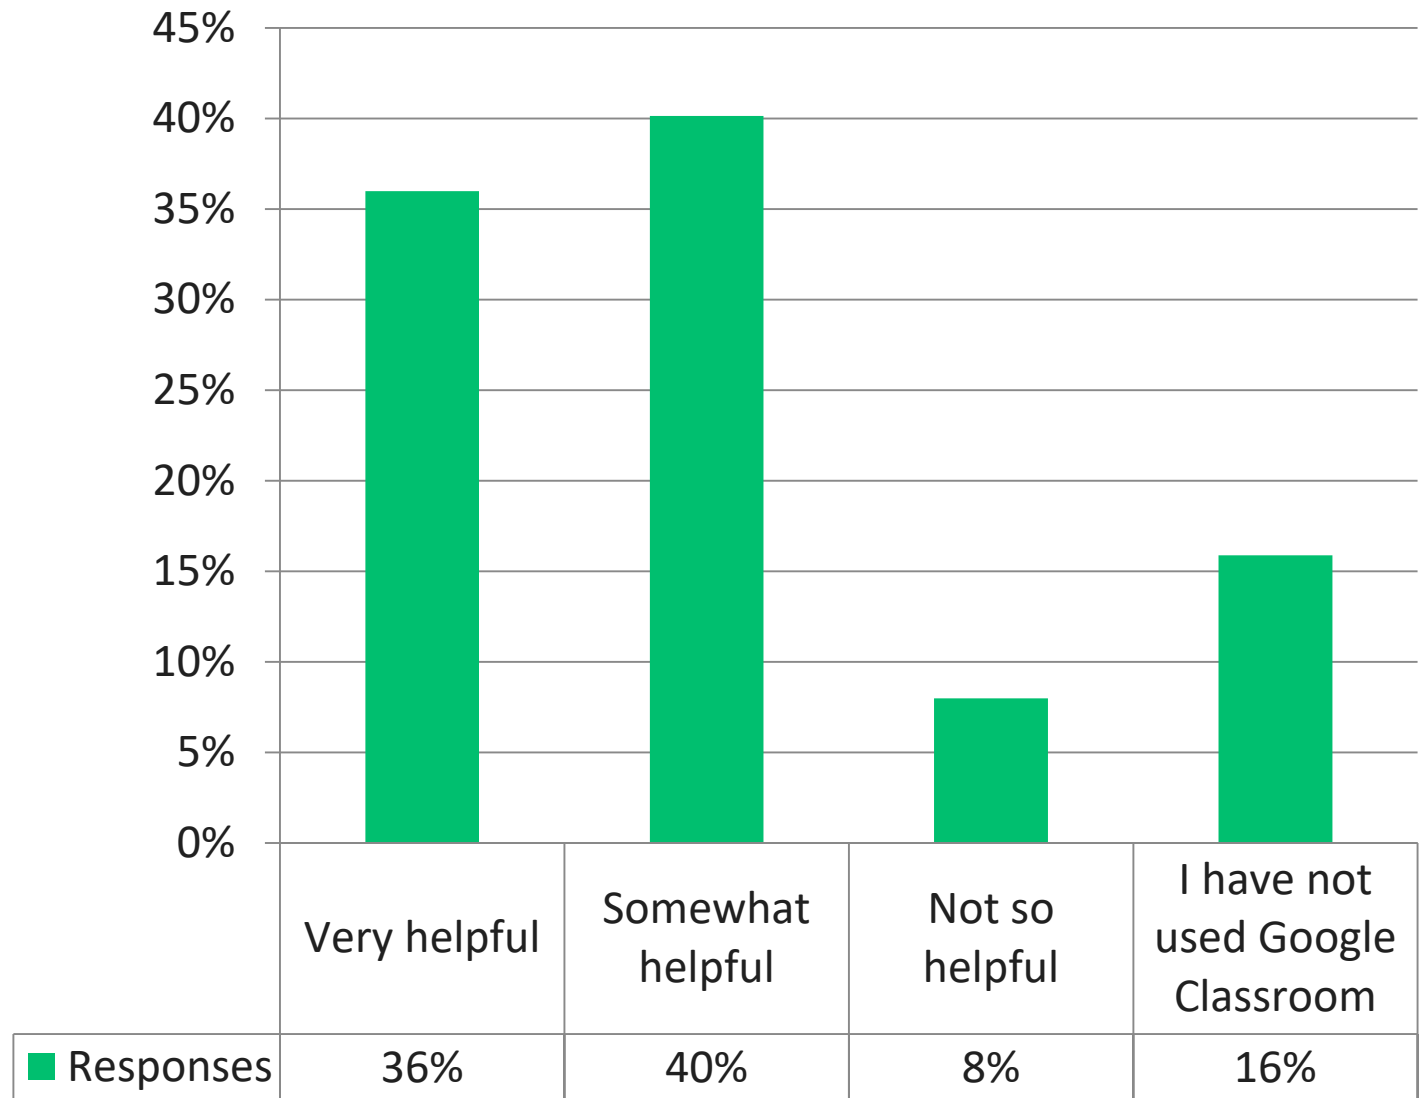

For those participating in the remote program, please rate the following areas (1-5, with 5 being completely satisfied)

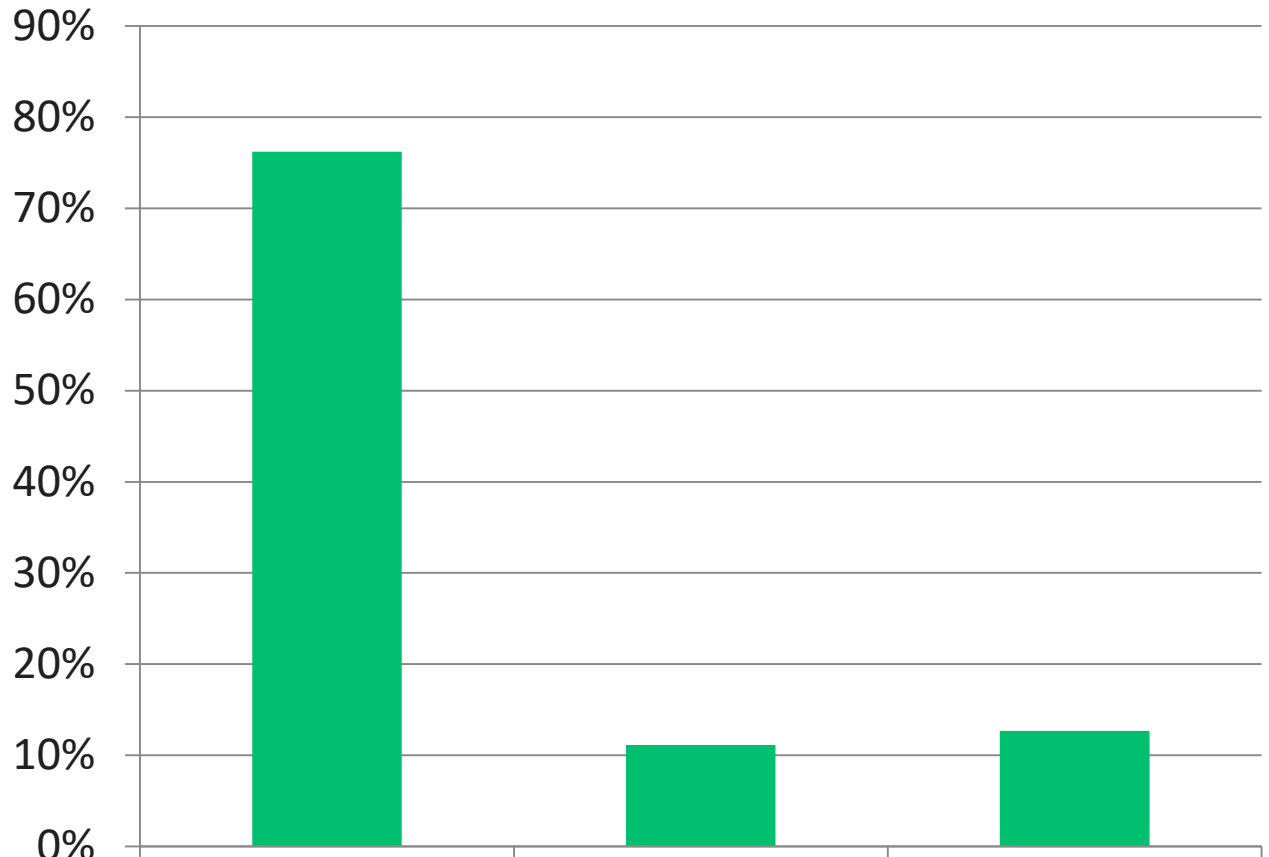

5	45%	56%	53%	47%
4	28%	24%	30%	32%
3	7%	4%	3%	3%
2	6%	6%	4%	8%
1	5%	3%	4%	4%
N/A	9%	6%	6%	5%

To what degree do you find Google Classroom helpful to you as a parent?

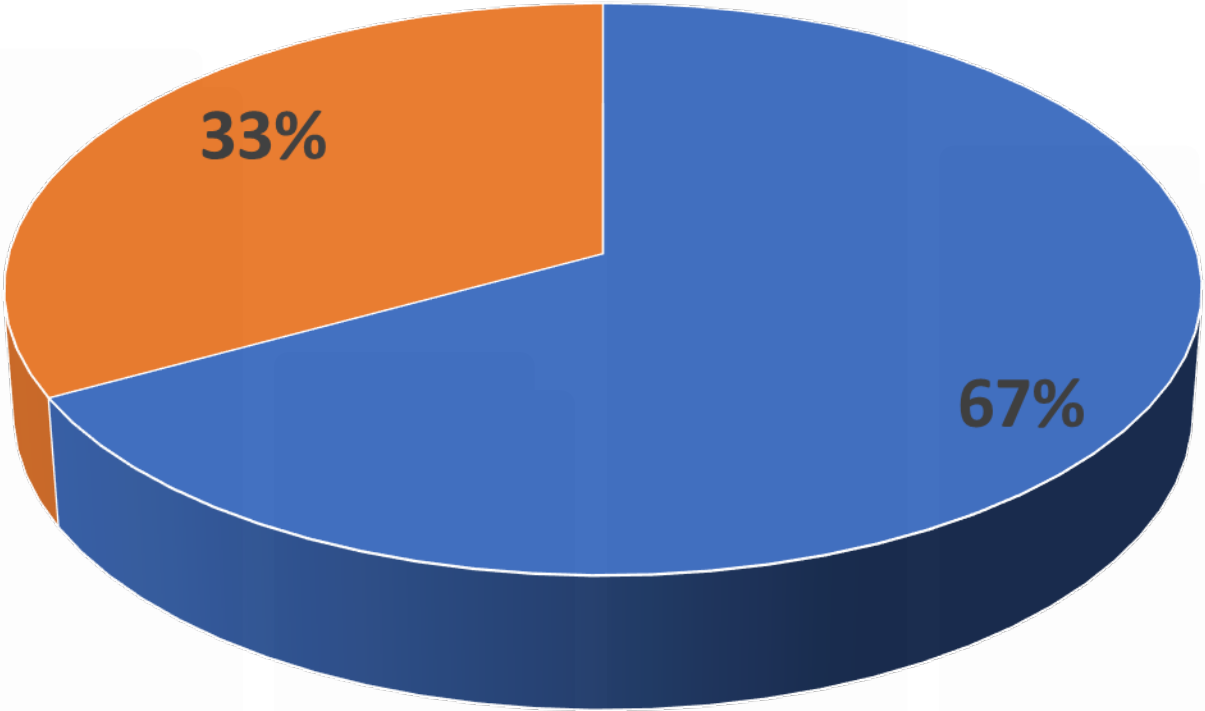

Has your child been able to use Google Classroom effectively?

Responses	76%	11%	13%
-----------	-----	-----	-----

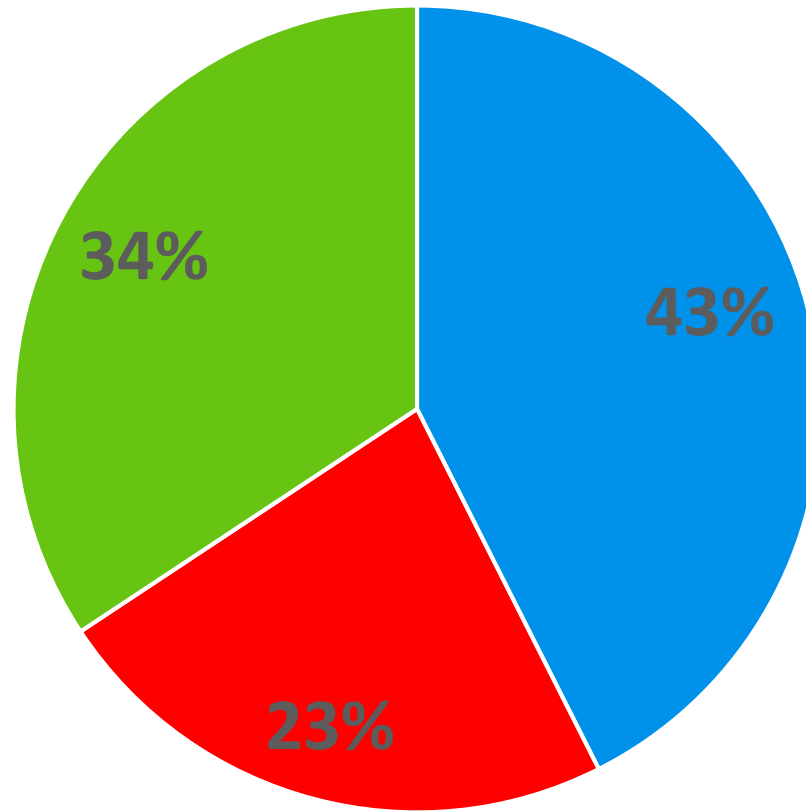

In January, parents will have the opportunity to revisit their decision about the placement for their child (remote or in-person). At that time it may be necessary to reduce social distancing spacing from 6 feet (to around 3 feet). Would you be comfortable with this change?

■ Yes ■ No

For planning purposes, do you believe you will have your child continue in the Full Remote Program for the rest of the year?

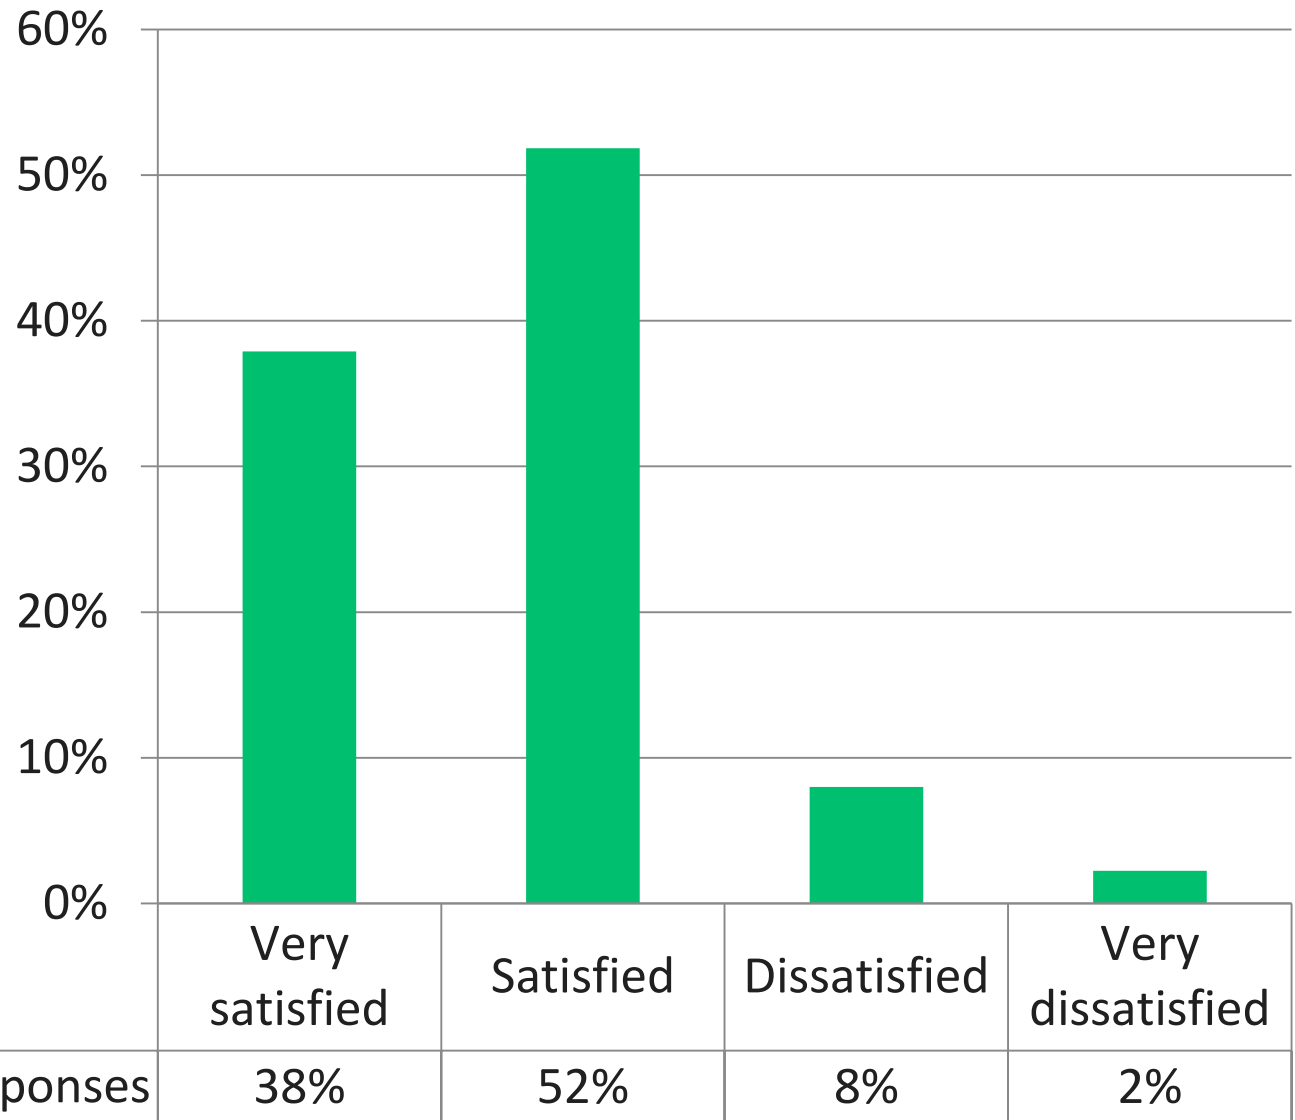

■ Yes ■ No ■ Unsure

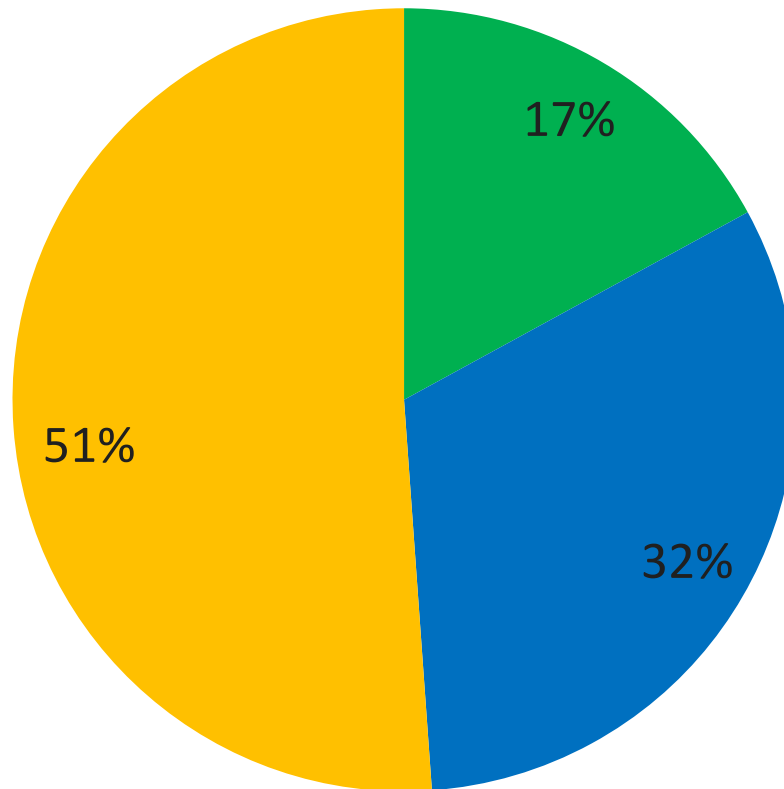

Secondary Survey Results

Overall, to what degree have you been satisfied with the way the district opened under the current COVID-19 situation?

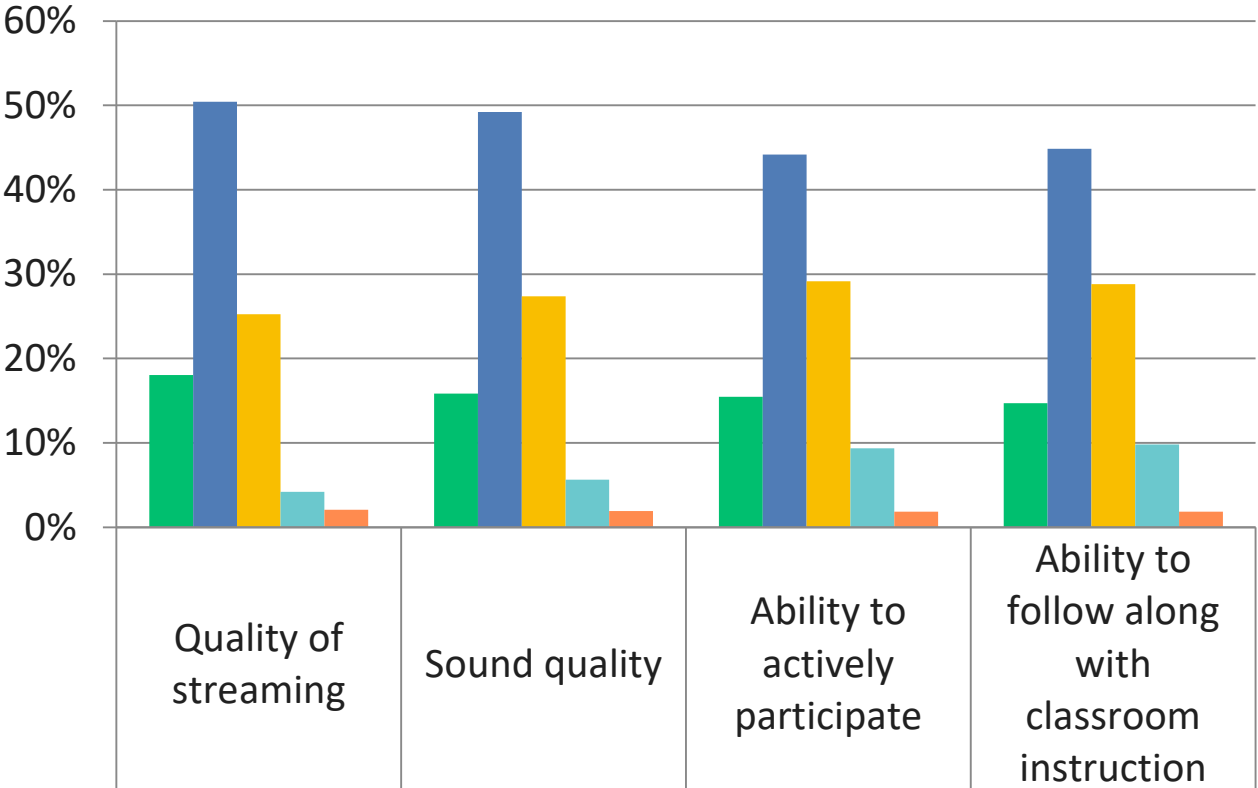

If your child is currently participating in the fully remote program, do you plan on having your child return to in-person instruction starting February 1st?

- At this time I plan on having my child return to in-person instruction starting in February.
- At this time I plan on having my child continue with full remote instruction for the rest of the school year.
- Unsure at this time.

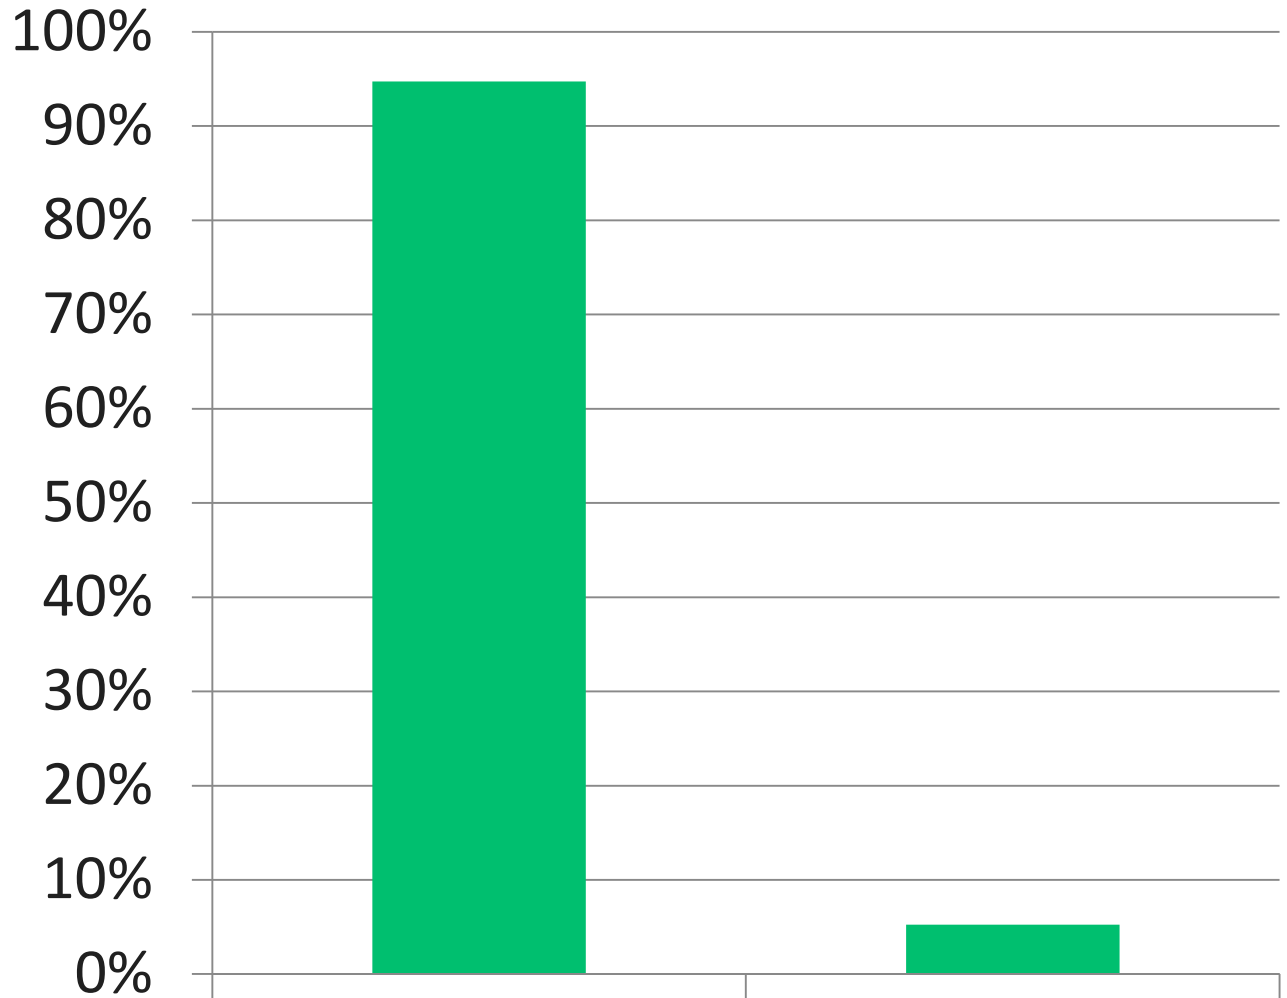

On days that your child is attending classes remotely,
please rate the overall experience based on the
following:

■ 4 - Excellent	18%	16%	15%	15%
■ 3 - Good	50%	49%	44%	45%
■ 2 - Fair	25%	27%	29%	29%
■ 1 - Poor	4%	6%	9%	10%
■ N/A	2%	2%	2%	2%

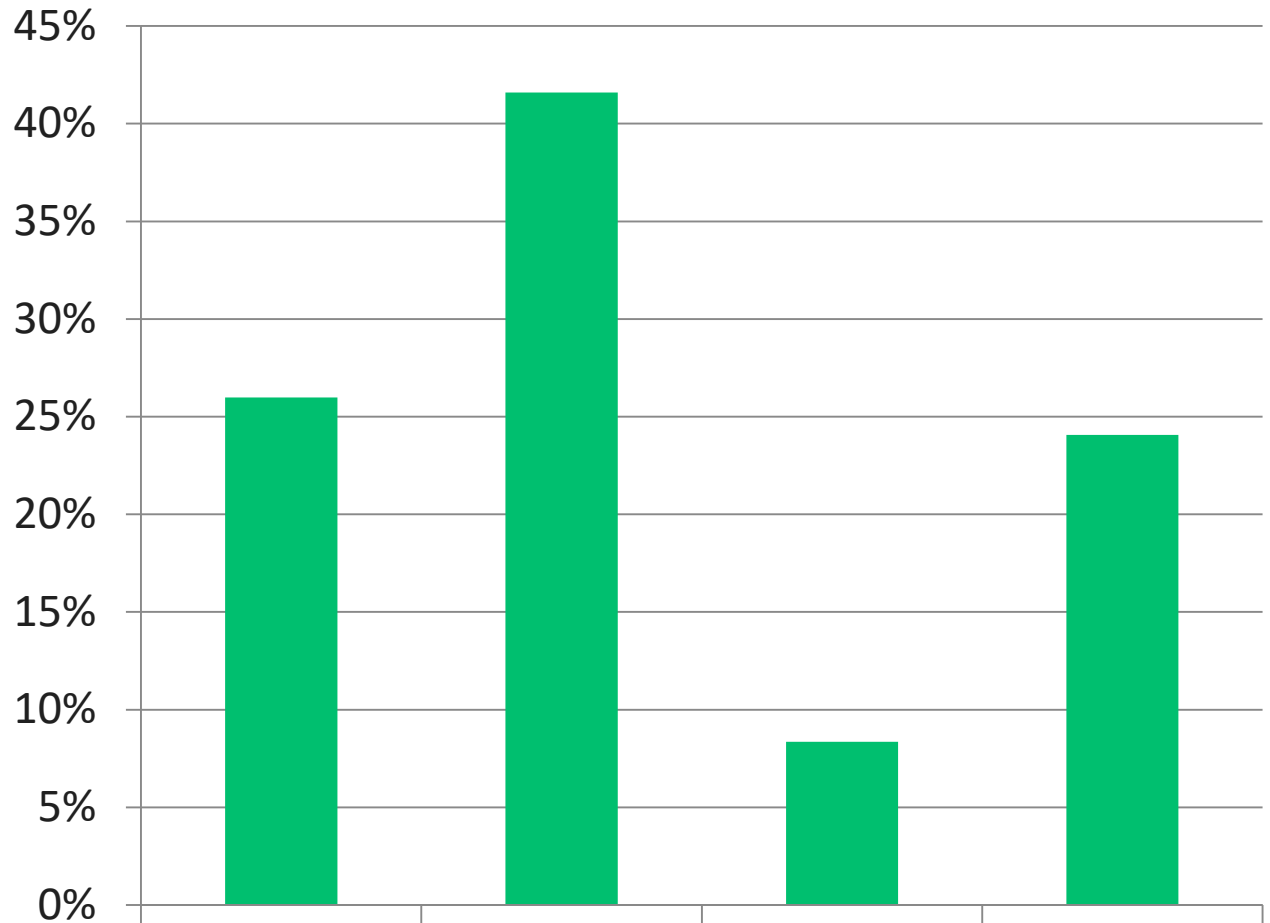

Has your child been able to use Google Classroom effectively?

■ Responses	Yes	No
	95%	5%

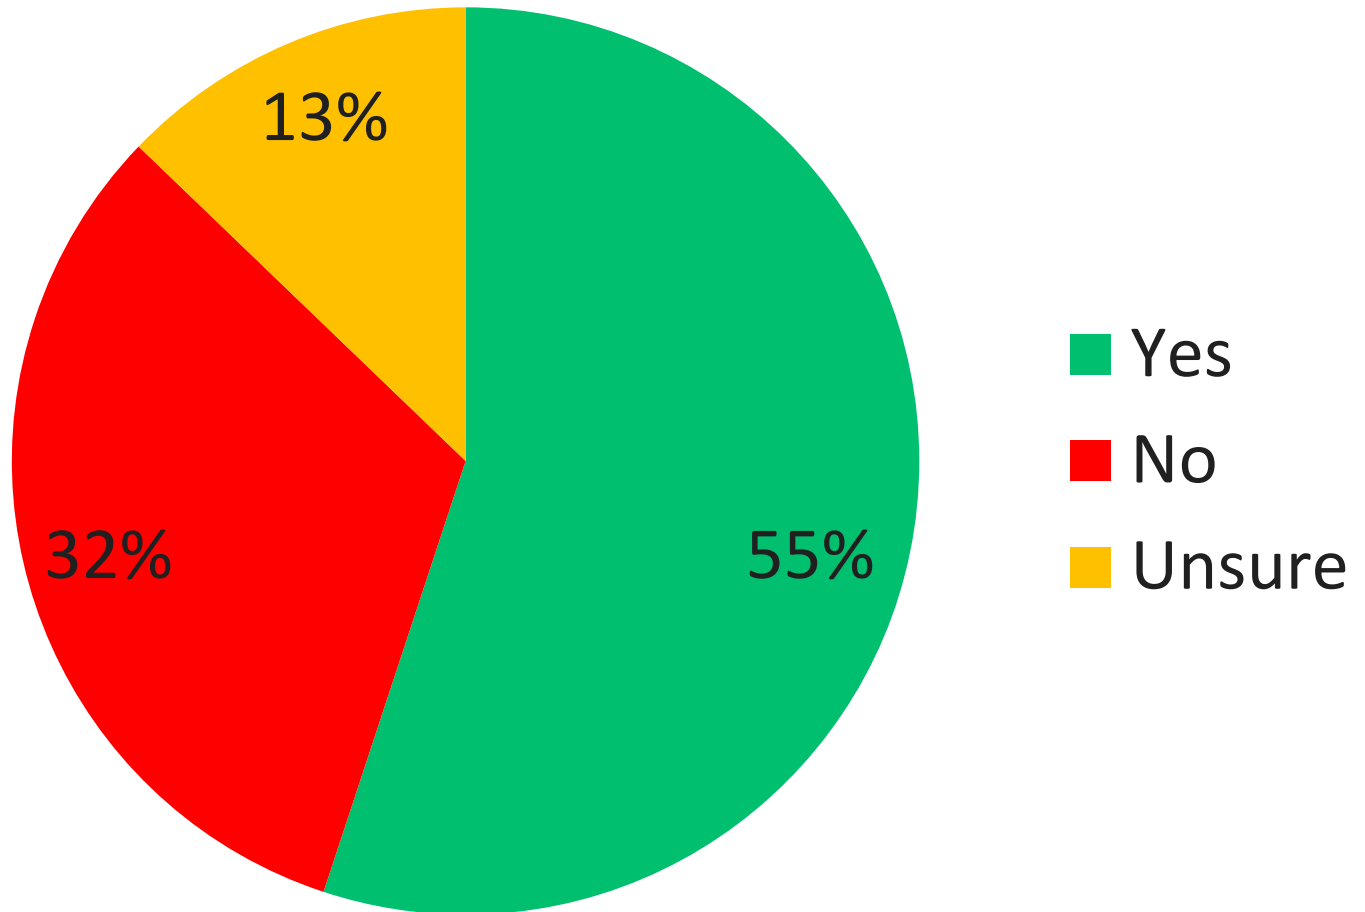

To what degree do you find Google Classroom helpful to you as a parent?

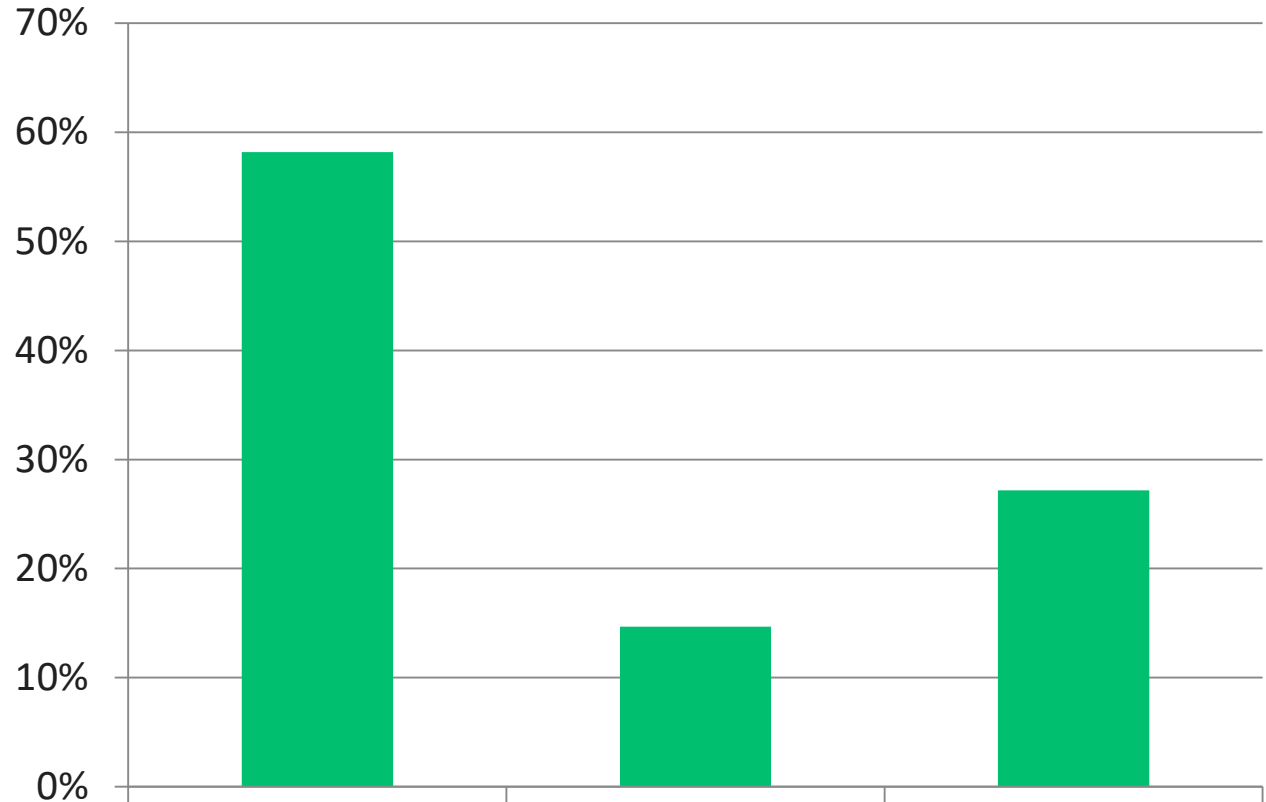

Responses	26%	42%	8%	24%
-----------	-----	-----	----	-----

Some parents have inquired about bringing all students in grades 6-12 back for in-person instruction every day. In order to do that, the district could no longer maintain six feet distancing in the classroom. Students would sit 2-3 feet apart with masks. Would you be comfortable with this change?

If the district brings all students in grades 6-12 back for in-person learning every day at less than 6 feet of physical distance, which program would you want your child to participate in?

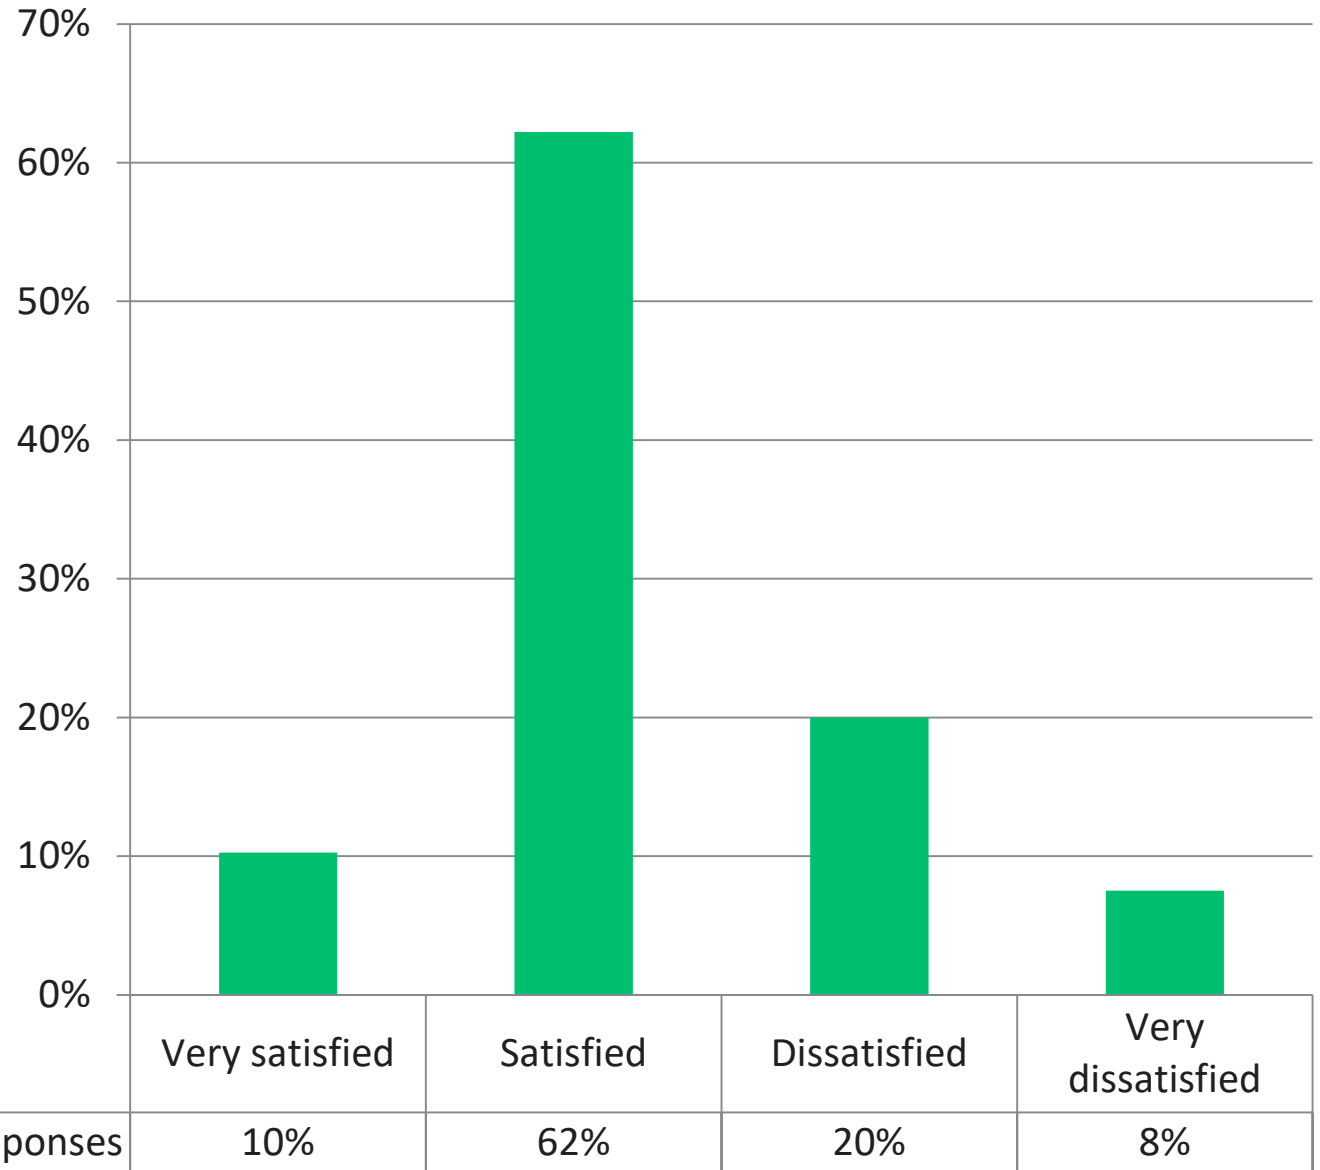

■ Responses	58%	15%	27%
-------------	-----	-----	-----

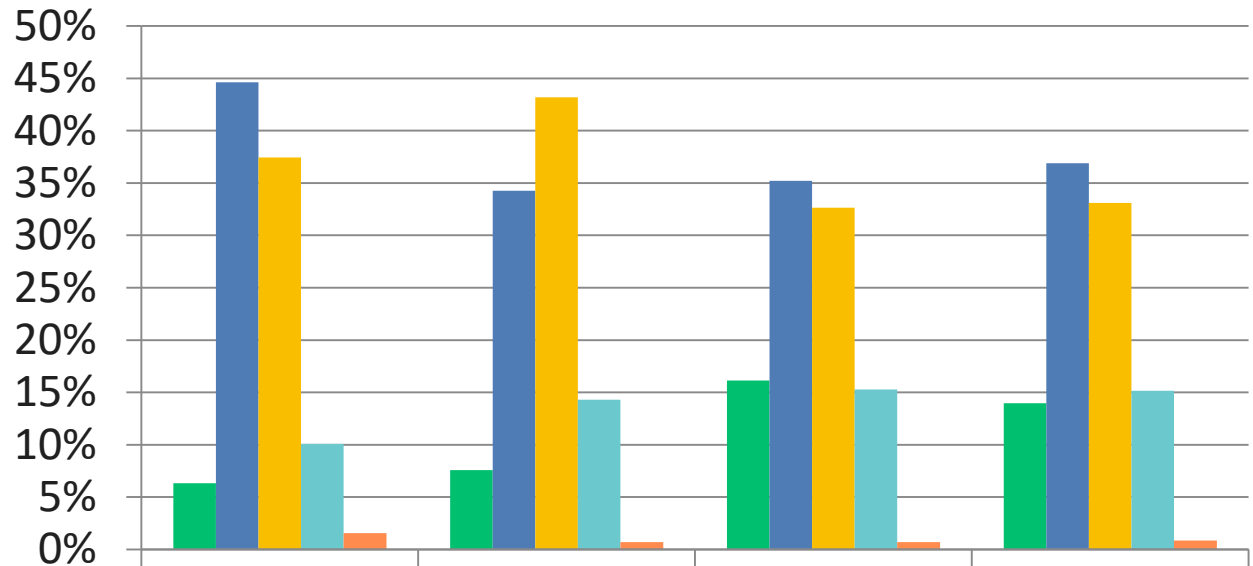

Student Survey Results

Overall, to what degree have you been satisfied with the way your school opened under the current COVID-19 situation?

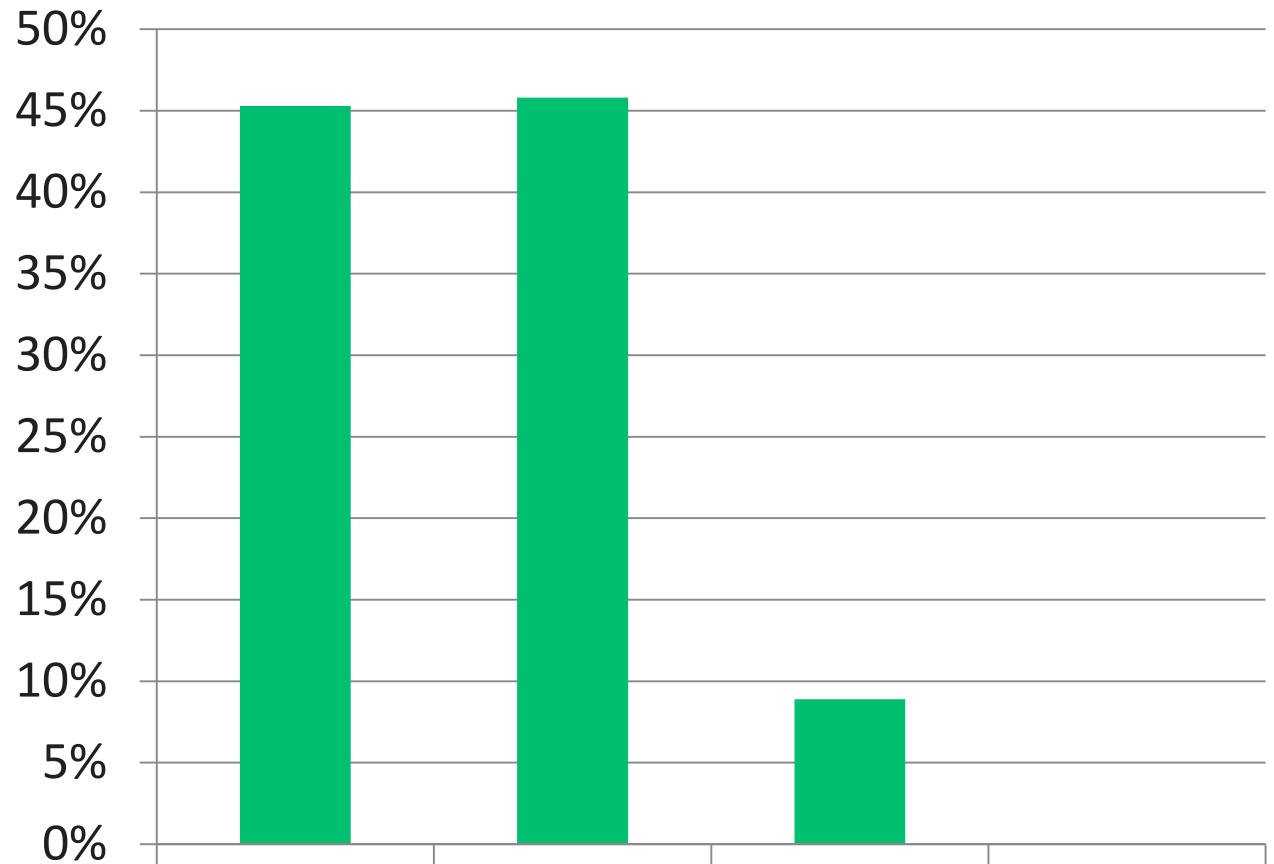

On days that you attend classes remotely, please rate the overall experience based on the following:

	Quality of streaming	Sound quality	Ability to actively participate	Ability to follow along with classroom instruction
■ 4 - Excellent	6%	8%	16%	14%
■ 3 - Good	45%	34%	35%	37%
■ 2 - Fair	37%	43%	33%	33%
■ 1 - Poor	10%	14%	15%	15%
■ N/A	2%	1%	1%	1%

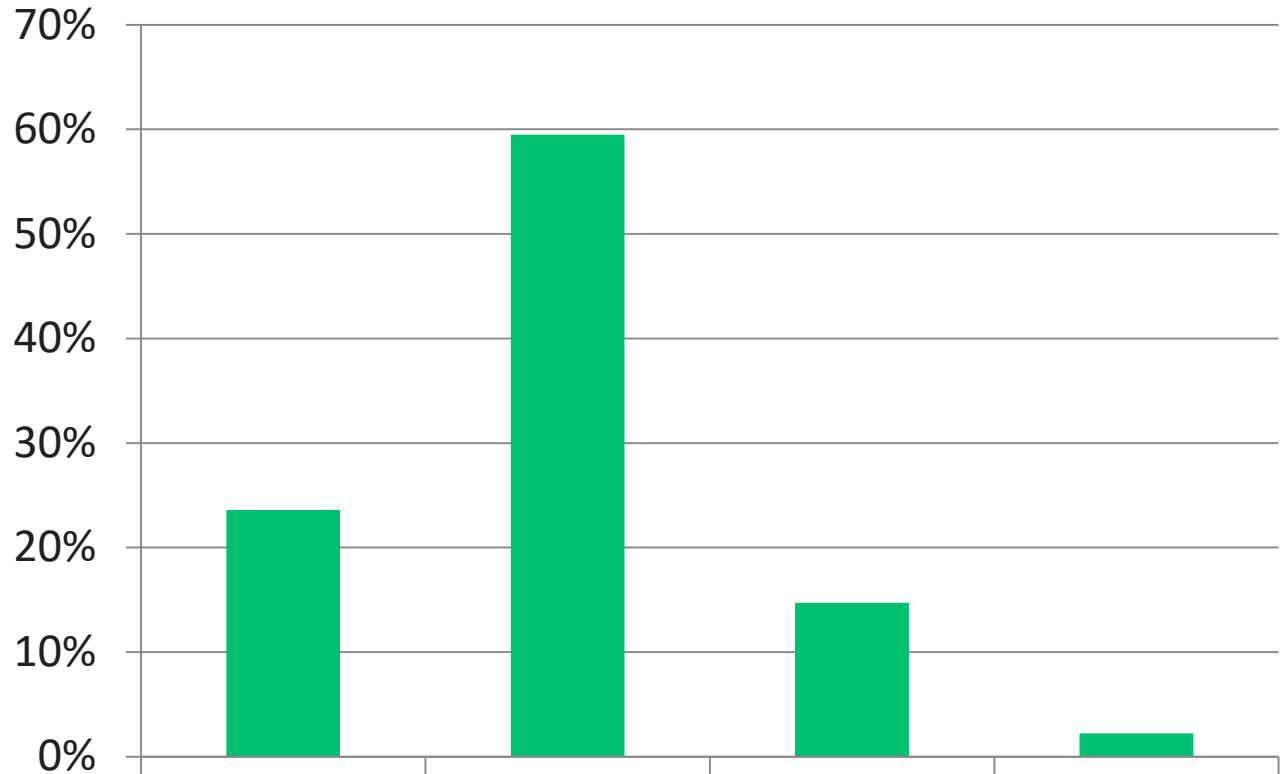

To what degree do you find Google Classroom helpful to you as a student?

■ Responses	45%	46%	9%	0%
-------------	-----	-----	----	----

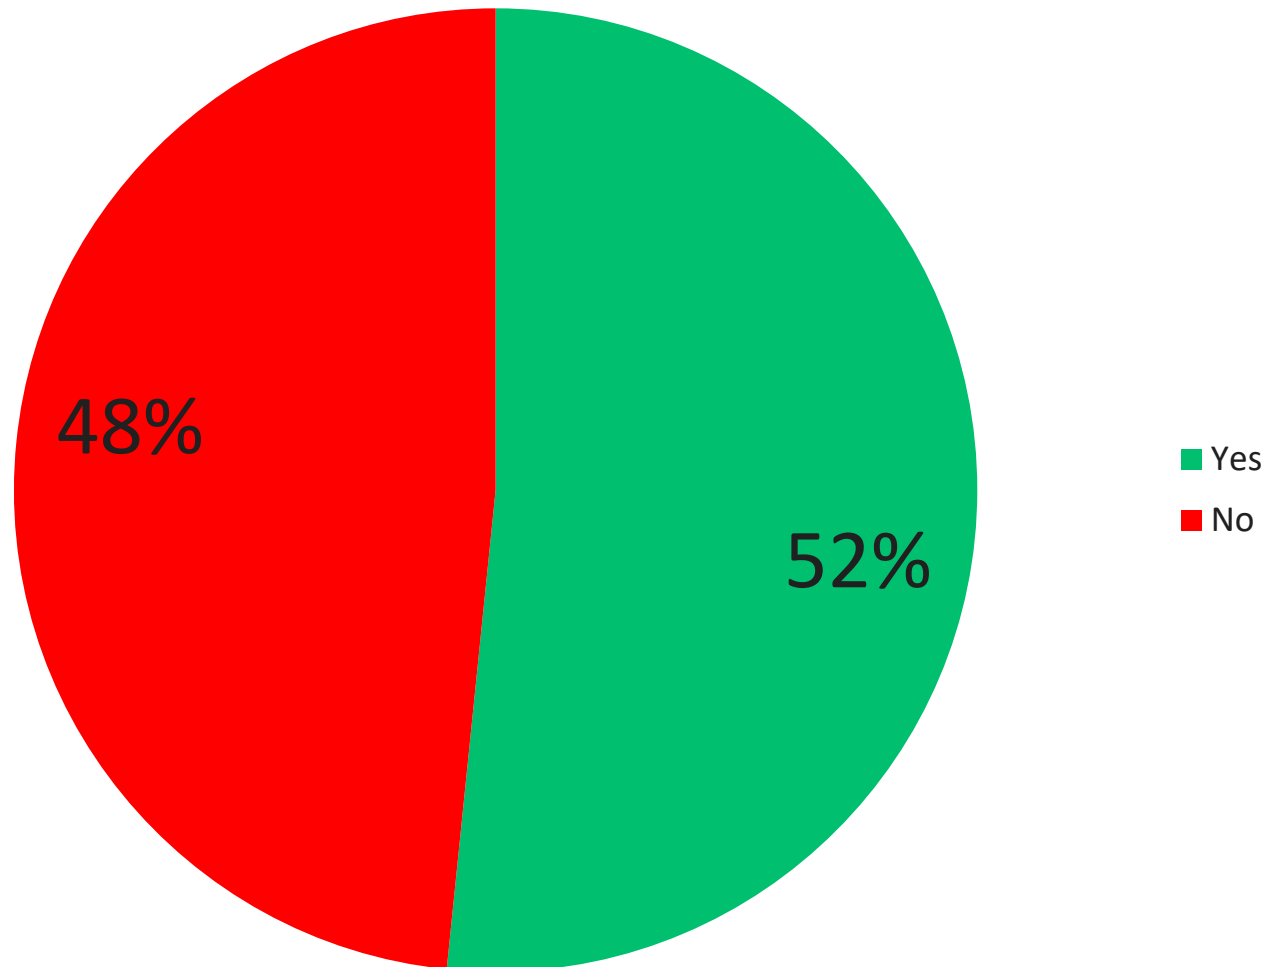

How has your experience been using Google Meet?

	I am completely satisfied with my experience with Google Meet	I am somewhat satisfied with my experience with Google Meet	I am somewhat dissatisfied with my experience with Google Meet	I am completely dissatisfied with my experience with Google Meet
■ Responses	24%	59%	15%	2%

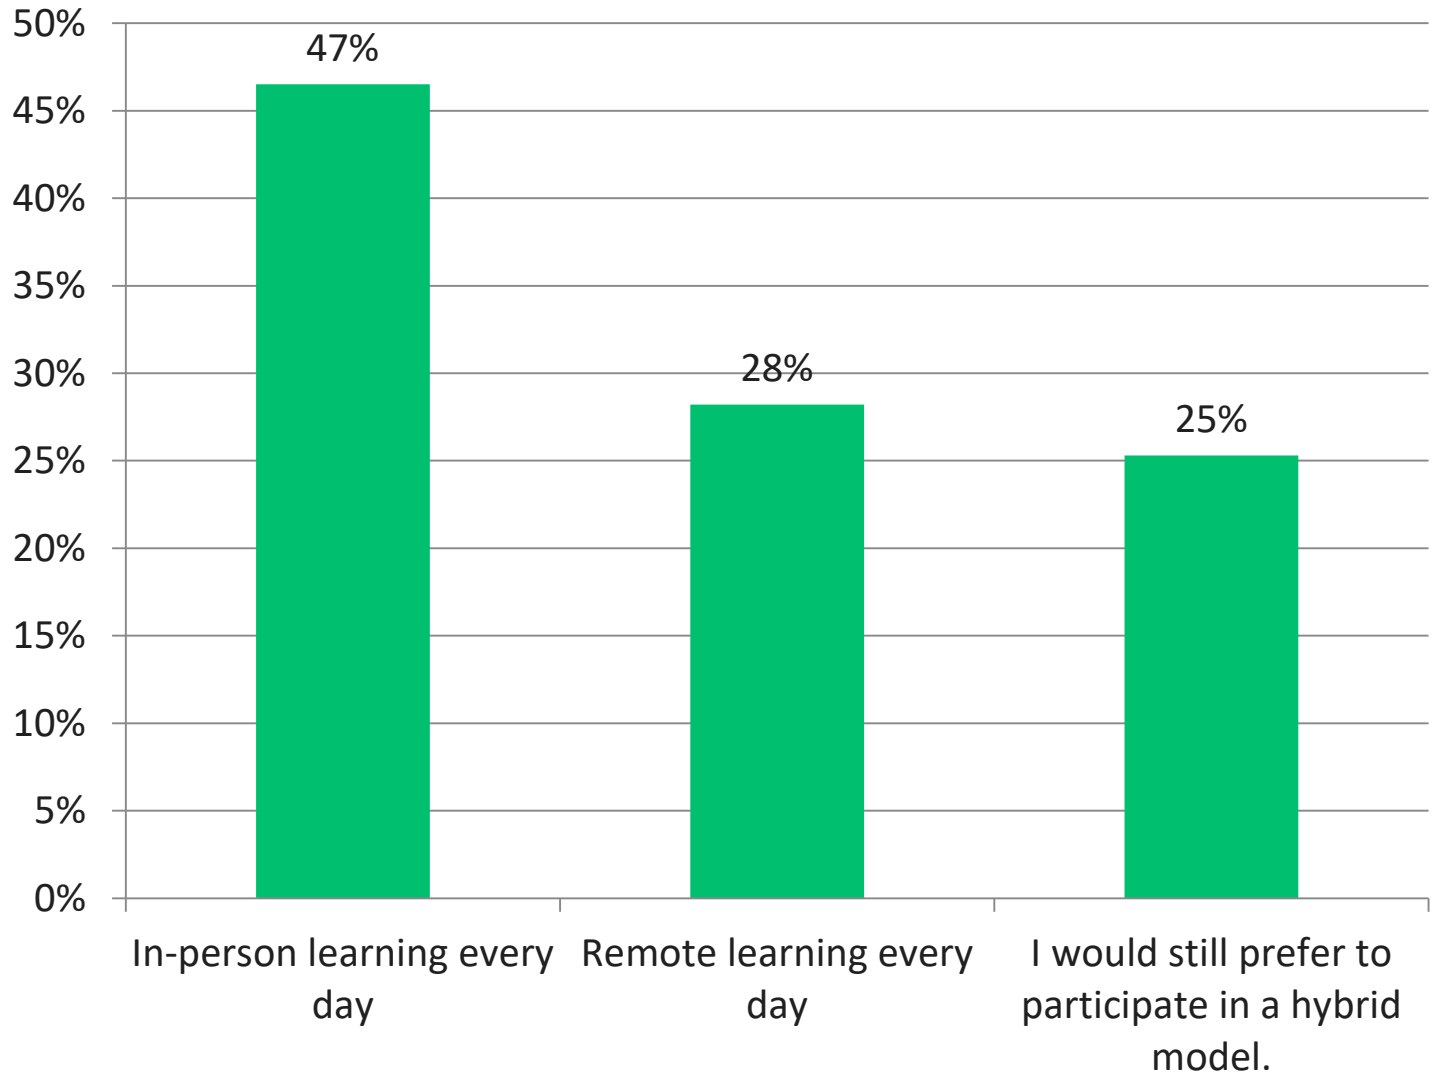

Some individuals have inquired about bringing all students in grades 6-12 back for in-person instruction every day. In order to do that, the district could no longer maintain six feet distancing in the classroom. Students would sit 2-3 feet apart. Would you be comfortable with this change?

What impact has remote instruction had on your learning?

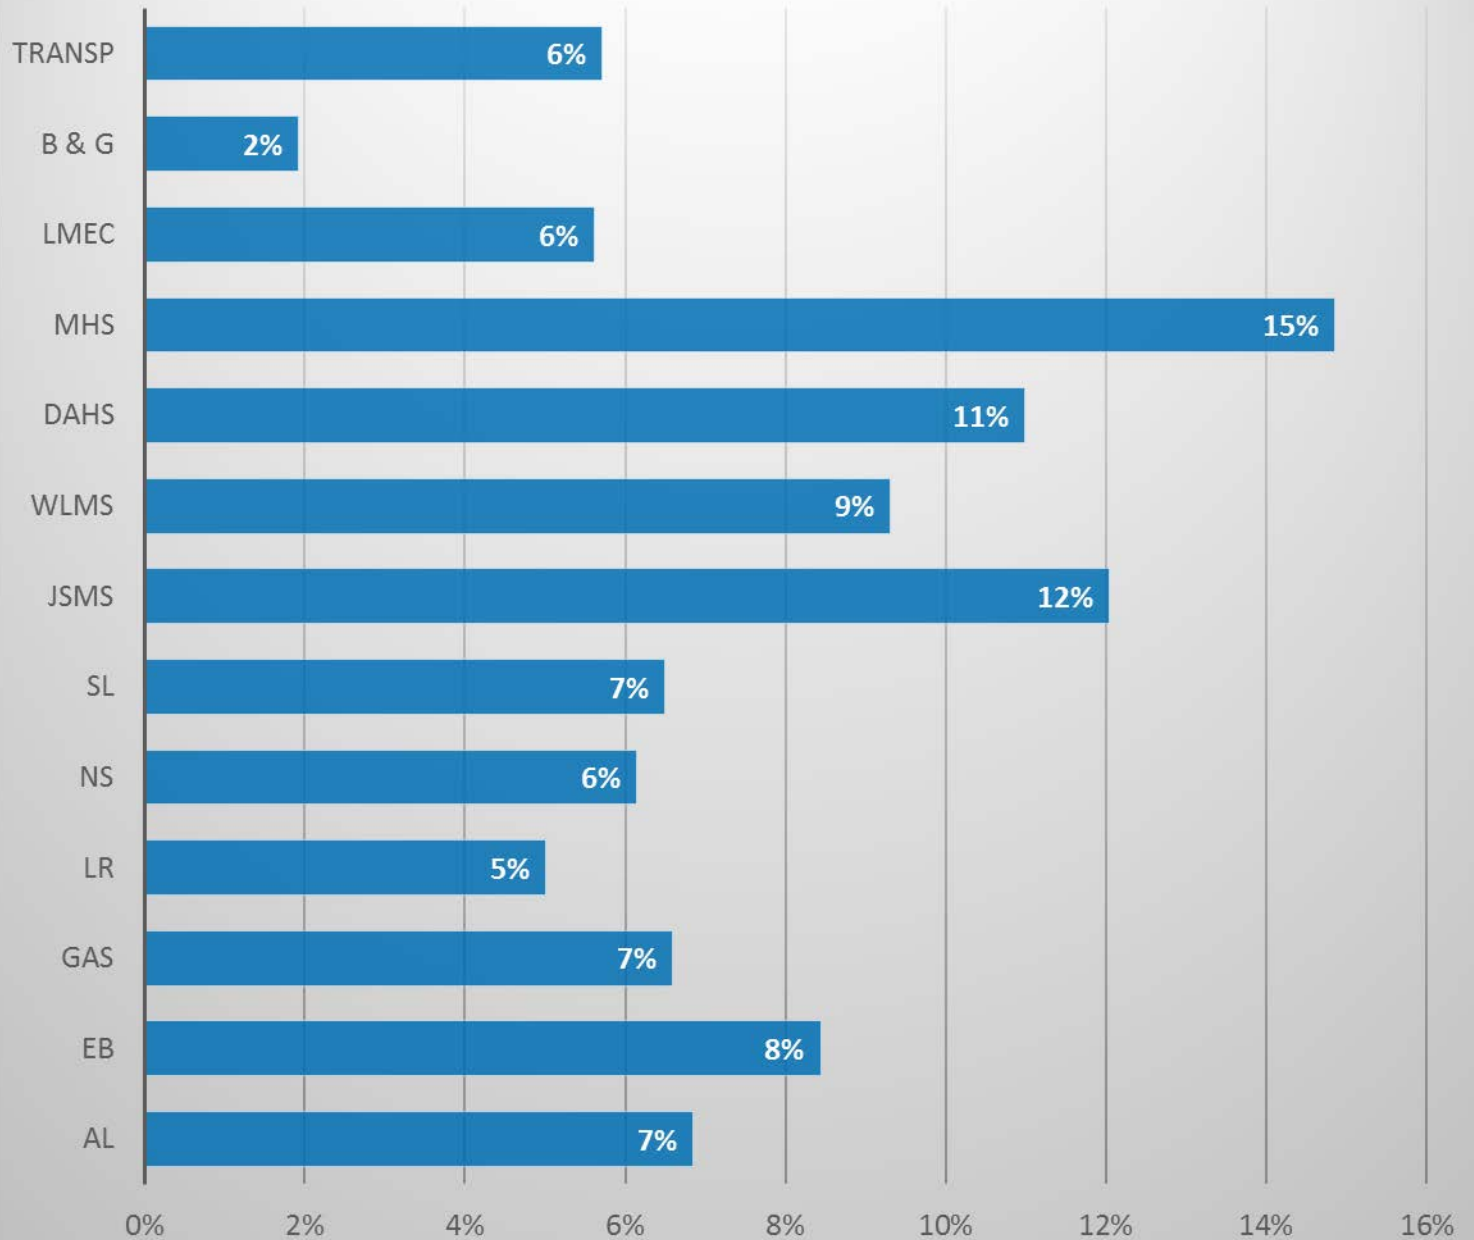

If the district brings all students in grades 6-12 back for in-person learning every day at less than 6 feet of physical distance, which program would you want to participate in?

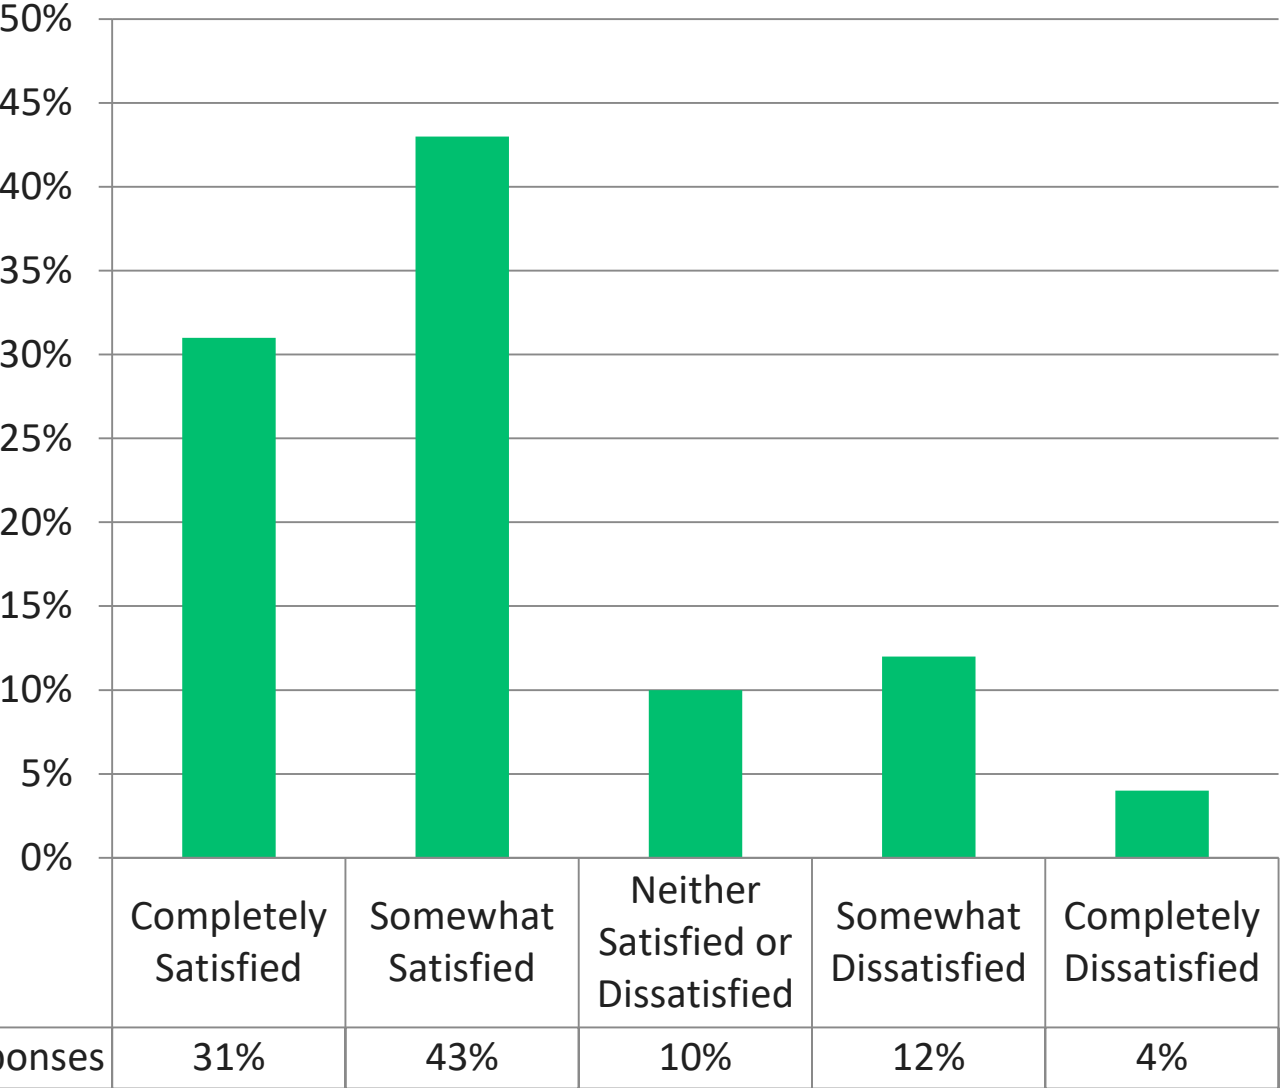

Employee Survey Results

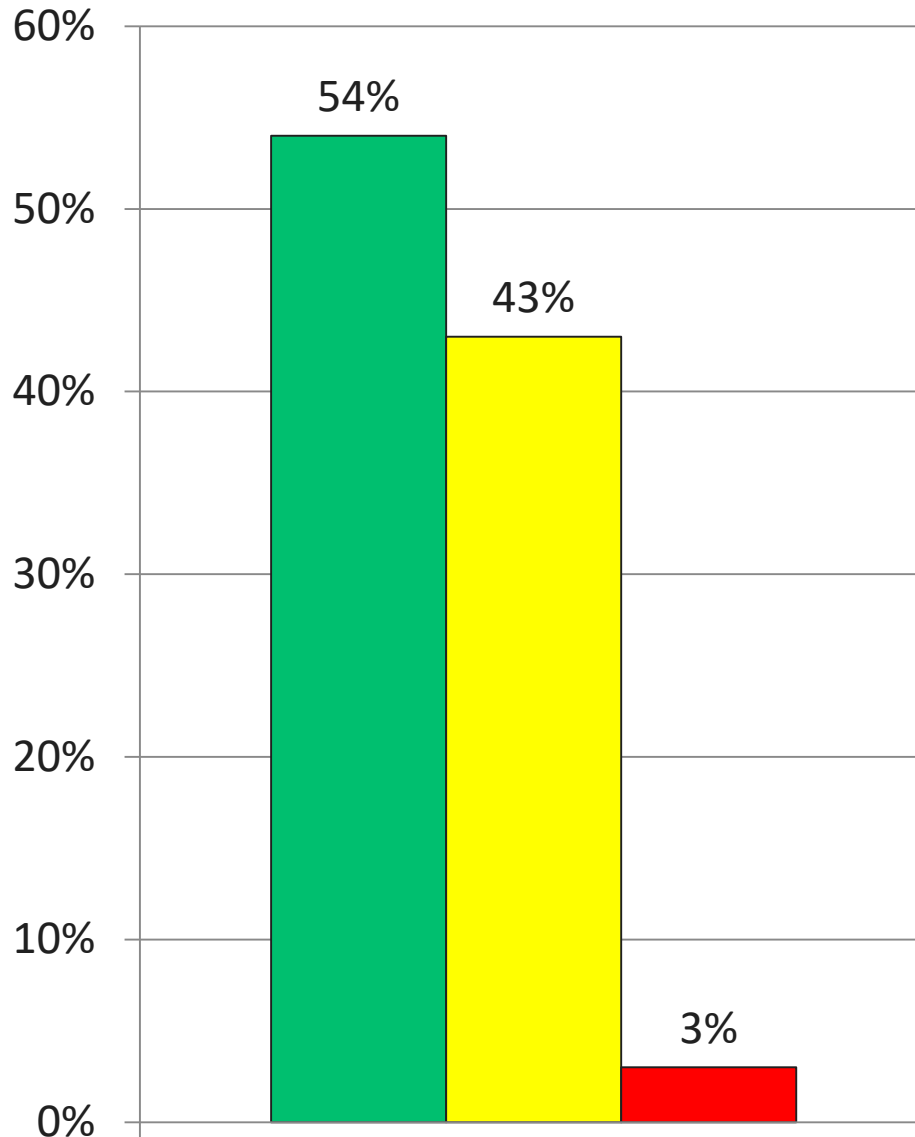

Where do you primarily work?

Overall, to what degree have you been satisfied with the way the district opened under the current COVID-19 situation?

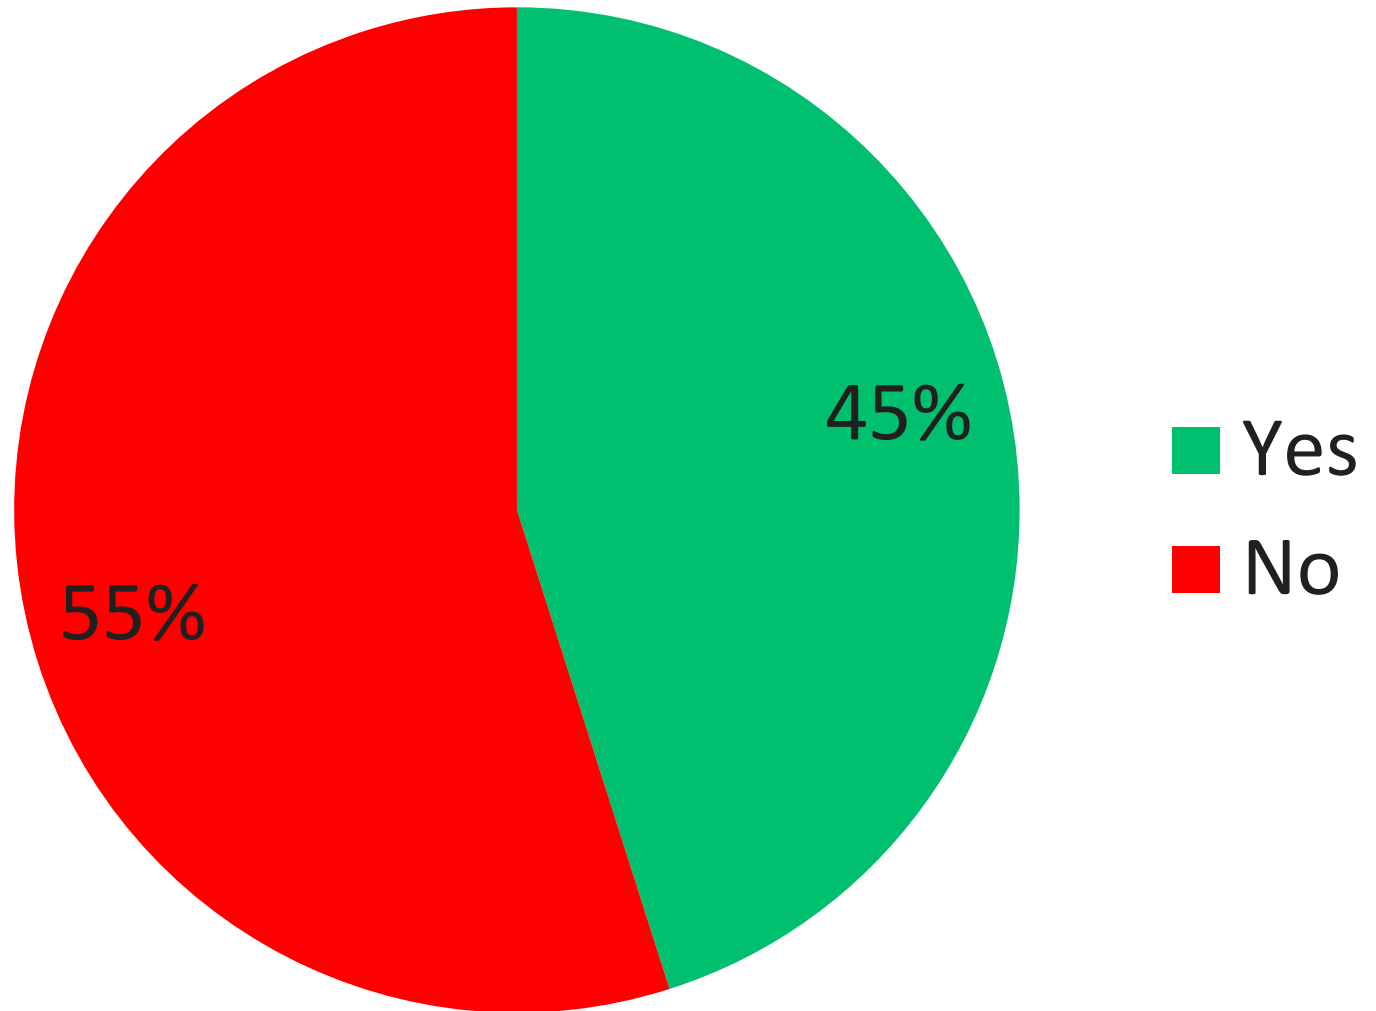

To what extent do you feel the health protocols that have been put in place are mitigating the spread of COVID-19?

- Health protocols are substantially helping to mitigate the spread of COVID-19
- Health protocols are somewhat helping to mitigate the spread of COVID-19
- Health protocols are not helping to mitigate the spread of COVID-19

In the near future, if the district changes the social distancing spacing to less than 6 feet of physical distance would you be comfortable with this?

Survey Considerations:

- Overall, reopening protocols have been received well and seem to be working.
- There is high overall satisfaction with the elementary full remote program.
- The technology tools the district is using (webcams, Google Classroom, Google Meet) are meeting with success.

- While the hybrid model at the secondary level is working well, remote learning is not as successful as in-person learning.
- At this time, based on the survey results from all stakeholders and the above average community positivity rate, there is not enough data to justify a reduction in health protocols in order to allow all students back into school at this time at the secondary level.

Questions?
