Health, Safety & Environment – Committee met on March 19th. Division Ave had concerns with cafeteria doors. Looking into a better system to keep them locked and

be able to still receive deliveries. Northside and MacArthur principals went to an Active Shooter Boces program and both feel that our district is doing very well with safety. Wisdom made a connection board to make every child had a support person to talk to, somewhere safe to turn to. Security guards, getting them IPADs but there is no Wi-Fi in elementary buildings so they won't be doing it. Hall monitors are still in schools, there are funds to keep them so security can patrol buildings and not be always at the front door. Custodial teams are allowed to help with the traffic at the buildings, they've looked into their contracts and it is allowed.

Eileen Petrullo – has there been any talk about closing Salk circle?

Margaret Costa - No, no other way to get kids in safely with doing that without parents letting their kids off in the middle of the street.

Legislation & Advocacy – 2/28 and 3/1 Deb Howe went to the conference in Albany, unfortunately all they heard was about upstate schools don't have and went over their time limit and wasn't time for Question and Answers for Nassau to ask anything.

Mary Rickard thanked Deb for being the leg ed chair after she herself went to legislation brunch and found that no legislator wanted to have a conversation with anyone.

Procedures – no report but Pat Genco would like to add a procedure to cover quorum to council delegates for units that do not attend.

Angela – will look into it since the way the bylaws read for council in order to have a meeting a quorum for a transaction of business is majority of the executive board and 1 delegate from units. Not sure if it's a line item that can be modified so she will be looking into it but has mixed feelings about updating this procedure because it's not holding units accountable for not attending.

Pat Genco will be looking into enhancing the procedure and will report back.

Secondary Curriculum – see attached

Mary Rickard asked since the 9th graders will now be getting laptops/tablets will older grades will now be able to bring their own tablets in?

Tina Bodkin – not sure, I will follow up with Debbie Rifkin

Angela List will be sending an email to Dr. McDonald asking for clarification regarding this.

Transportation – no report

Bylaws – no report

Honorary Life – no report

Laura Brown – asked council if there should be a liaison for the Levittown Coalition Drug Committee. Currently it consists of members from the Police, Social Workers, Priests, Rabbis, and Community Members.

Discussion took place on how a new committee is formed.

Pat Genco made a motion – Levittown Council of PTA's forms a new liaison position for Levittown Community Coalition and nominate Jose DeLaFuente as our new liaison for council.

Marguerite Leib 2nd the motion, all in favor, motion passed. Pat Genco will write a procedure for this new position.

Meeting Adjourned at 9:19pm

Minutes prepared by Tina Bodkin

Good Evening – welcome to the March Meeting of the Levittown Council of PTAs. It is hard to believe we only have 3 months of school left (about 11 weeks), we had such a long winter, it felt like Spring would never arrive. The Springs months always tend to be fairly busy months for us not only in our home lives, but also within the Schools and PTA. We should have all had our Nominating Committees meet by now and they should have presented or will be presenting at your upcoming meeting.

For those of you who have Elementary students, I am sure the State Tests are on your minds quite a bit and for those of you with Secondary Students you have Regents coming quickly.

We all have the school budget vote approaching along with our Board Trustee votes, as well as all of the other wonderful end of the year activities.

I implore all of you to do your research and ask lots of questions if you are unsure of the information you have received or are looking to hear more information before making your choice on the upcoming decisions you may have as a parent regarding the state tests, school budget and trustee votes, there are lots of resources available to you.

Dr. MacDonald was unable to join us tonight, but if there are any questions, please let me know and I can forward them to her after the meeting.

Thank you to Dawn and Summit PTA Members for hosting this evening. Wisdom will be hosting our next meeting in April.

Council Budget: We presented report to BOE on March 11th, it was well received by trustees. It has been a pleasure to work with all the units on this committee and I thank everyone for their cooperation. It is my second year as chairperson, so I will be unable to chair it next year. It is one of my favorite committees and I look forward with working closely with next year's chairperson.

GC Tech:

Students have been preparing for the Skills USA Regional Competition which is on Tuesday at Suffolk Community College. The upcoming budget has enhancements included for the program and they will be working on setting up new class offerings for the following year. It will take a year to develop the new programs before they are ready to be offered to our students.

Elementary Curriculum 3-9-15

Michelle Kelly Curriculum Associate for ELA and Reading

Discussed Literacy Center Classroom

Students attend LC once a week and have whole group instruction then work in small groups.

K-2 work with a certified reading teacher and a TA
3-5 reading teacher is working alone.

The sequence of topics doesn't necessarily follow the curriculum. They may be pre-teaching a topic that hasn't been introduced in the classroom yet or may be reinforcing something that has already been covered. This gives students extra exposure to each topic.

Next Meeting is April 14.

Report Submitted by: Mary Rickard

Secondary Curriculum Meeting – March 17, 2015

The district is possibly looking into piloting with this year's 5th grade class a summer read for 6th grade. Currently they are looking at books that will gage all interests and levels of readers. Finding a book is proving to be a little more difficult than they thought.

The district will be buying tablets/laptops for every 9th grade student for the fall for use in the classroom. Students will keep the same tablet for their 4 years. There will be some sort of service/warranty fee that is still being worked out. The older grades will still work at the computer lab which hopefully now will be easier to use with no 9th graders needing it. There are approximately 600 9th graders.

There will be an ACT boot camp provided by Catalyst on 6/6 and 6/7 for the ACT. They will run 4 hours each day; flyers with more information will be going out soon.

Next meeting is on 4/23/15 at 9:30am in the small board room.

Food Service Committee Report

March 26, 2015

The food service committee met on March 18th, 2015

The USDA has been in East Broadway, Division and WLMS to gather information, observe and collect data, creating a process as they go along. All appears to be going well.

Artie from Aramark has been given a promotion so is no longer in our district to aid Jen. They will be sending a replacement. Bill Pastore will be in contact with Jen and observe the change. If there are issues he will address them immediately.

Mr. Bigley brought to our attention that we qualify to apply for the whole grain exception because numbers are down on lunch purchases. The committee voted to go ahead with the paperwork. Decisions to split grain choices or to go totally back white bread products can be made at a later time.

Quality Control check list from each school were discussed. Some of the issues brought up for each school are as follows:

Abbey Lane stated no French toast was offered but chicken patties were. (Jen stated there was a food ordering error at Abbey due to the revised menu that was sent out after last month's food service meeting) They were fine, green beans –ok. No menus were posted. Children still not taking fruits and vegetables.

Division Ave student and adult representative report positive things. The chicken patties, nuggets, salad bar, deli and nachos are a big hit. Students don't always take new things or even their full meal because they are distracted. Soup and a whole wheat ham and cheese melt were offered with apple slices. Many of the students didn't know there was soup or apple slices (even though the lunch workers are always offering) once they were aware they would purchase the meal.

East Broadway/ Gardiners Ave representatives have not attended meetings and stated to K.V. that they have full time day positions and cannot attend.

Lee Road states brunch for lunch- French toast and egg were good. Peppers/cucumbers and honey dew seemed too cold. Jen will check the temperature of the refrigerator. Waffles were also served due to the freezer going down and wanting not to throw out food. The children are not taking the fruits and vegetables. The recommendation for parents to taste the food at PTA meetings was made again. Mr. Goss would like a second register. He does not want the students buying/eating cookies, ice cream and pretzels at the same time they buy their lunch. He feels if the students had to go back up on line for snacks they would eat more of their lunch first instead of the treats. At this time there is not enough counter space to put in a second register. Jen/ Bill will continue to look for a resolution to this problem

Northside representative stated the food is ok. The children don't take fruits and vegetables. The milk choices were brought up again; 2% vs skim.

Salk Student Representative stated chicken patties, Deli and salad bar are a big hit, except Thursday- chicken nuggets are the most popular. Carrots are big but not green beans. The students are not happy with the whole grain bread and rolls. An adult representative is still needed.

WLMS has been better staffed since last meeting. The pizza warmers have not been installed but sent back – waiting for proper size to be ordered and sent. The steam trays in the blue cafeteria need to be serviced- the on/off switches are worn. The company had issue with not having the right part when they came to repair the units. Due to the increased issues with the repair company Bill Pastore and Chris Milano will be looking into a new repair company.

The student representative and Bill Pastore brought up the petition that the WLMS students gave to the BOE on 3/17/15. The @130 students want the old chicken nuggets back. Jen stated that next week she can do half and half on the nuggets and see how sales go. The committee discussed a possible blind taste test or educating the students on the new white meat chicken nuggets vs the old mixed slushy nugget. Bill Pastore asked Kim Volpe to attend WLMS on Thursday and observe. - Chicken nuggets were served half/half at Wisdom and Salk today. moving forward this will continue for now.

MacArthur representative reports that the food has been excellent and appears fresh and looks great. The student representative was sick – no report.

The Next Food Service Meeting will be on April 15th, 2015, in the large board room.

Additionally, he will relate his story to the audience addressing themes of gateway drugs, prescription drug abuse, drinking and driving as well as self-harm. To conclude the event Chris will field questions from the audience. After the speech, Chris will greet anyone who may need to speak with him further regarding themselves or a loved one.
