# Lee Road lights it up blue for Autism Awareness!! Remember to wear blue every Friday in April.

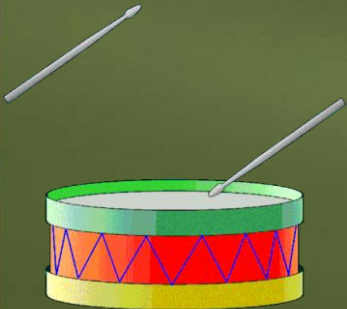

# Kindergartners at Lee Road used color theory to create colorful rainbow chameleons!

# Kindergartners at Lee Road used color theory to create colorful rainbow chameleons!

**Lee Road's beginner woodwind, brass, and percussion students performed together for the first time on Friday morning! They got to experience what it feels like to play with different instruments and the importance of working together as a team. Mrs. Spera is very proud of all of their hard work!**

**This month students in physical education have been progressing through an underhanded throwing into volleyball unit. Younger students played Clean Your Room and threw at various targets, while older students played Butterball, Newcomb, and Volleyball. These are among the students' favorite games, all of which developed their throwing, catching, serving, and volleying skills.**

# Students work on their rhythm skills during cardio drumming unit with Miss P.

**Congratulations to PARP overall winner  
Madeline Barea with 1291 minutes of  
reading!!**

**“Chick” out the reasons why Mrs. Martinez’ class is excited for Spring!! With the warmer weather around the corner, the class brainstormed different reasons why they are excited for the new season. Happy spring everyone!!**

**Light it up! Students in Ms. Sullivan's class engaged in creating circuits while investigating energy transfer.**

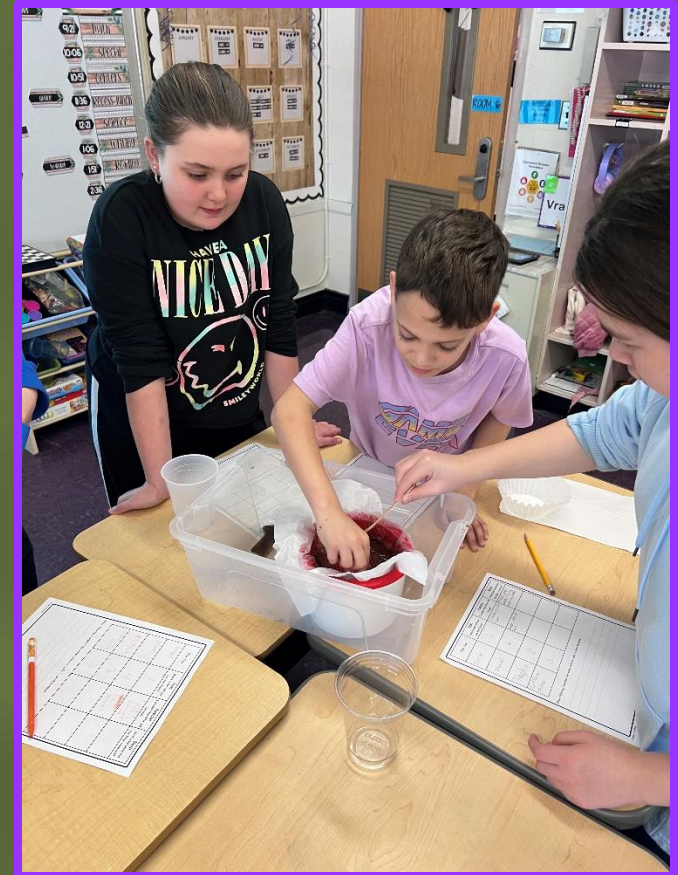

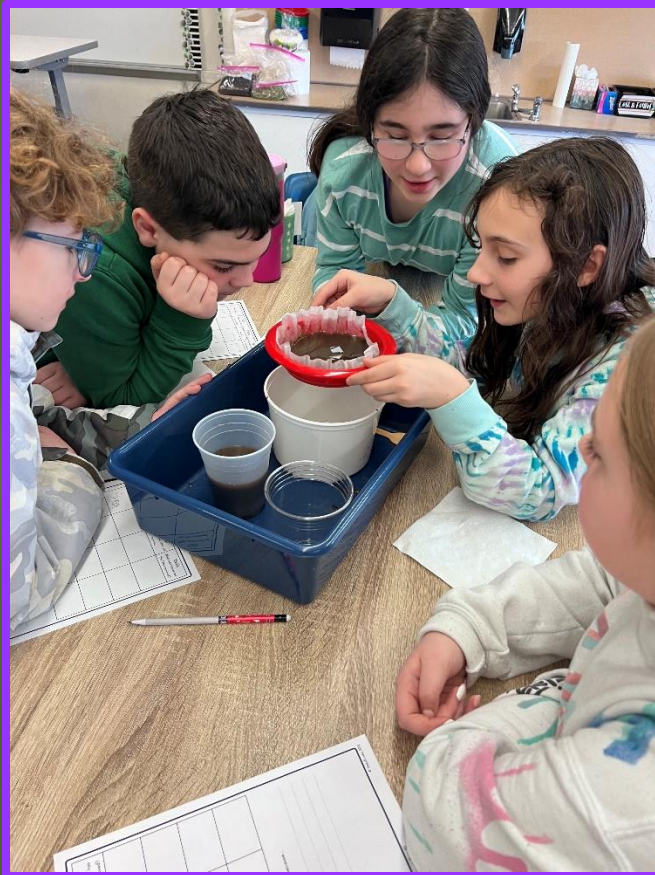

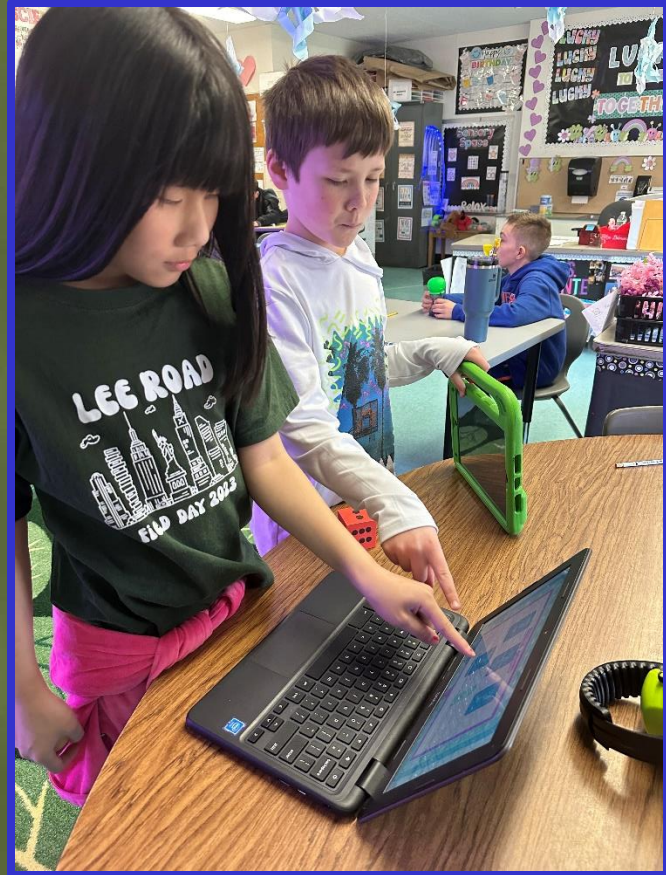

**Light it up! Students in Ms. Sullivan's class engaged in creating circuits while investigating energy transfer.**

**Ms. Vrachnas' 5<sup>th</sup> graders worked together to clean dirty water using different filters, showing how teamwork and creativity can solve big problems like water pollution. Their successful experiment highlights the importance of resourcefulness in protecting our environment.**

**Mrs. Belmonte and Mrs. Creedon's class “raced to the top” by correctly answering energy science questions. The team members came up with their answers and rolled the dice to move the corresponding spaces up the chart if their answers were correct. They had a lot of fun practicing science and racing up to the top!**

They had a lot of fun practicing science and racing up to the top!**

**Today in Directed Drawing Club students celebrated the first day of Spring by drawing blooming flowers!**

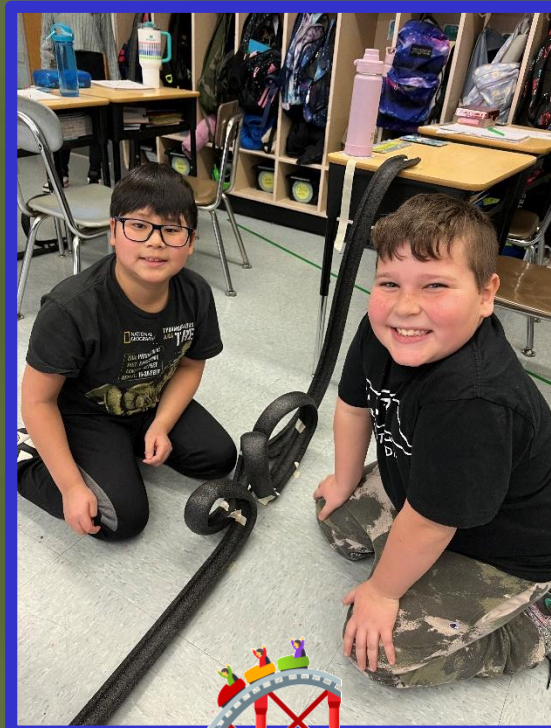

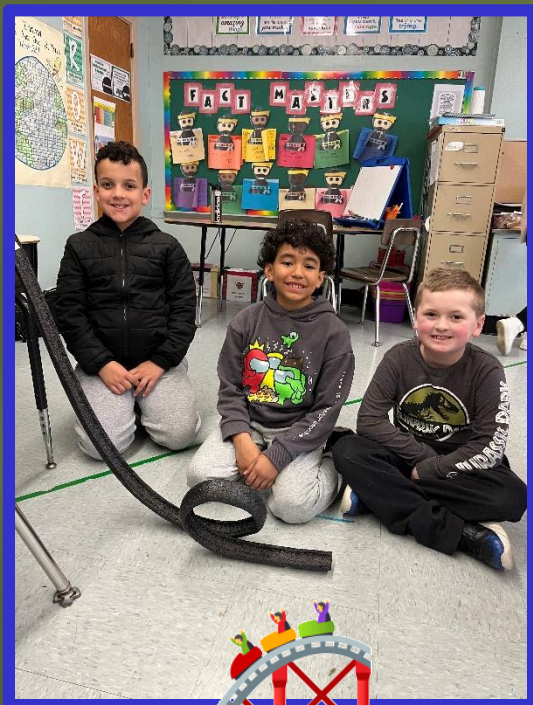

**Mrs. Torre And Ms. Bischof's kindergarten class had a field trip to the Levittown library. They learned about different types of books and how to take care for their library books. Students were given their own library cards and took out a book!**

# Mrs. Marek's kindergarten class had a great field trip to the Levittown Library!

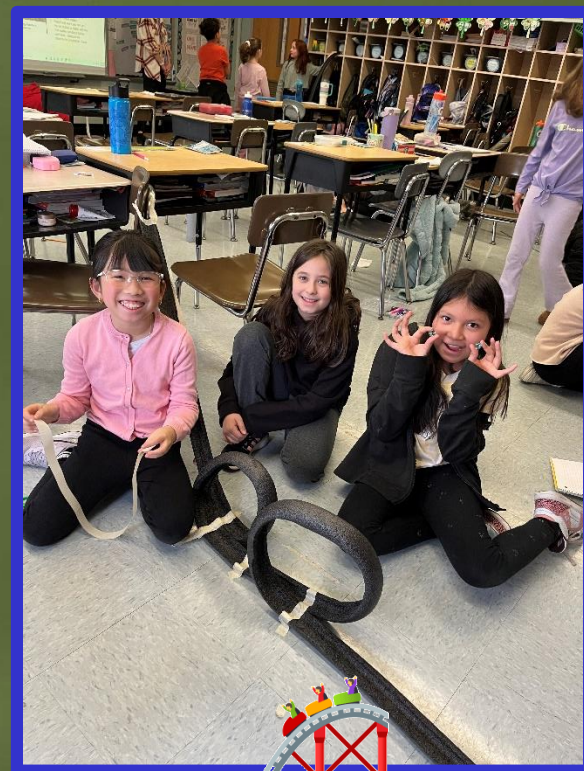

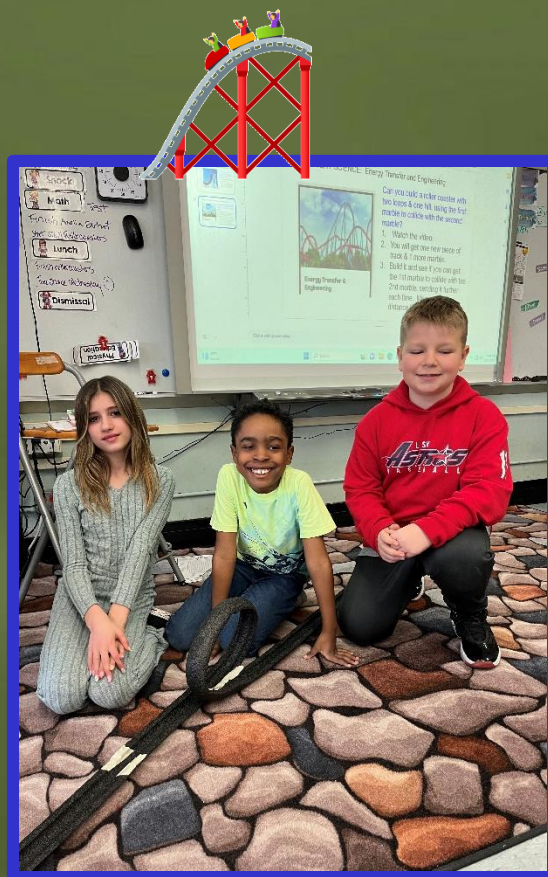

**Mrs. Napoli and Mrs. Matos' 4<sup>th</sup> graders had a blast making "roller coasters". We used our knowledge on energy and collisions to get our marble "cars" to make it around two loops of roller coaster track.**
