November 2020

Dear Lee Road Parents,

Picture Day retakes will take place on Friday, November 20th. Originally it was going to be done in March, but it has been decided to keep it the way it has been in the past and have it in November. Retakes will be done outdoors. If you would like a retake, please send in the original envelope with all the pictures that were sent home. Please make sure the students name and teacher are on the envelope. Please send them in by Thursday, November 19th.

Remote students who want retakes will be scheduled in the morning, before school starts. They can have their pictures taken between 8:00-8:20am. Please bring the original envelope with all the pictures and give it to the photographer.

Spring Picture Day will be held in March/April and the hope is that it will take place inside. The plan is also to offer background and package options that would have normally been offered in the fall. If there are remote students who can not come before school we will discuss other time options at that time.

Please contact Allyson Forrer at allysonforrer613@gmail.com with any questions.
