

Lee Road will be celebrating the #Lots of Socks Campaign on

FRIDAY 3/19/2021!

The #LotsOfSocks campaign exists to raise awareness about Down Syndrome.

#LotsOfSocks help us to get people talking on World Down Syndrome Day (WDS), Sunday, March 21st 2021. It is a global awareness day which has been officially observed by the United Nations since 2012. Join in with us to create a single global voice for advocating the rights, inclusion and well-being of people with Down Syndrome.

Raising awareness couldn't be easier! Wear socks that are going to get noticed - they might be mismatched, your craziest or most colorful, whatever takes your fancy! Get your friends, classmates and colleagues involved, in-person or via social media.

Be informed so you can tell them about Down Syndrome. Down Syndrome (or Trisomy 21) is a naturally occurring chromosomal arrangement that has always been a part of the human condition, being universally present across racial, gender or socioeconomic lines in approximately 1 in 800 live births, although there is considerable variation worldwide. Down Syndrome usually causes varying degrees of intellectual and physical disability and associated medical issues.
