Dear Members of the Levittown School District Community:

Last evening, as I enjoyed a basketball game at one of our High Schools, I learned of the senseless tragedy that had transpired in Parkland, Florida. I watched our students as they played their game, blissfully ignorant of what they would soon see on the news – another school shooting.

Let me take this opportunity to tell you that the safety of our students is of utmost importance. We spent today reviewing our security protocols with our administrators, who will, in turn, review them with our building staff.

Additionally, we are aware that this tragedy will be prevalent in the news and on social media for what is likely to be many days to come. Please know that our social workers and school psychologists are available to speak with any child who is having difficulty processing this very troubling event. Please contact us if you feel your child would like to speak with any of our support personnel.

Finally, we have posted some support materials which offer guidelines about speaking to children about violence. Please feel free to go to our website should you desire to use them when talking with your student. Our website is www.levittownschoools.com.

Our thoughts and prayers go out to the families, teachers and students at the Marjory Stoneman Douglas High School.

Sincerely,

Tonie McDonald

Tonie McDonald, Ed.D.
Superintendent of Schools
