Overall Course Average Calculations- Middle and High School Classes 2019-2020 School Year Only

The overall course average for a full year course will primarily be based on an average of Quarter 1 (Q1), Quarter 2 (Q2), Quarter 3 (Q3) and midterm (MT) if applicable.

- Averages for courses will be calculated as follows:
 - Full year course with midterm: Q1 30%, Q2 30%, Q3 30%. MT 10%
 - Full year courses without a midterm: Q1 33.33%. Q2 33.33%. Q3 33.33%
 - Half year courses February-June: Q3 100%
 - Quarter length classes February-April- Q3 100%
 - Quarter length classes April-June- Pass/Incomplete (P/INC)

Although the 4th quarter will not be directly calculated into the overall course average, student performance in the 4th quarter will increase the course average in the following way:

- For students who score at a level 3, teachers will add 1 additional point to the overall course average.
- For students who score at level 4, teachers will add 2 points to the overall course average.

Senior Research Paper Requirement

- The Senior Research Paper requirement is still in effect.

Regents Exams and Final Exams

- NYSED has allowed students who have passed Regents courses to receive an exemption from the corresponding Regents exam. June and August Regents are canceled.
- Final exams have been canceled for all students.

NOTE: The information above does not apply to dual enrollment college credit courses. This information varies by college and is available through the School Counseling Department and the teacher of the course.
