Dear Parent/Guardian:

Levittown Public Schools is conducting a voluntary survey about school climate. The survey will be administered to students during regular school hours during the month of December. It will ask students about their perceptions on topics such as student engagement, school environment, and school safety.

The data your child provides may also be used by the school and district to better understand the current climate in their school. Your child's answers will be combined with the answers of other students at their school and district and used to create records about the climate of their school. These reports will not identify any person or their responses.

If you **do not want** your child to participate in this survey, please complete and sign this letter and return it to your child's school main office by December 2.

If you have any questions about this study or about your child's participation or would like to see a copy of the student survey, please contact Dr. Patricia Kolodnicki at 516-434-7060. If you have any questions about your child's rights as a participant in this study, please contact Dr. Patricia Kolodnicki.

I understand that by completing and signing the form below and returning this letter, my child will not be allowed to take the School Climate Survey.

Mr. Todd Winch
