“Success for Every Student”

Levittown Public Schools – Mathematics Department
Summer Readiness Resources (MS)

June 2022

Dear Parents/Guardians,

As we near the end of this school year, I am sure that all students are looking forward to enjoying some fun in the warm summer sun! In an effort to better prepare students for their incoming middle school math class, the mathematics department has provided set of instructional and practice resources for all middle school students entering into either Grade 6, Grade 7, or Grade 8.

The resources provided – which are created by Curriculum Associates and can supplement student access to the i-Ready Instructional component this summer – provide students practice problems for specific prerequisite concepts that are paramount to student success in each respective middle school course. Students can work throughout the summer at their own pace to complete the practice resources. Additionally, answer keys to the practice resources will be provided so that students can self-assess and self-correct their work. Access to these resources will begin on Tuesday, July 5 and will be available throughout the duration of the entire summer break.

Please note that due to scheduled maintenance/updates, Google Classroom and access through Chromebooks will not be available from August 14 – August 25.

Students can join the appropriate Google Classroom page to access the various resources using the class code, shown below:

- Math 6 – rrfc5bf
- Math 7 – 7h64u43
- Math 8 – 2v354o5

While participation in completing these Summer Readiness resources is optional, it is **highly recommended** your child does so, as mastery of these prerequisite skills will provide a solid foundation for future content learning.

If you have any questions, please contact me at 516-434-7199 or email me at jtowers@levittownschoools.com.

We look forward to providing this opportunity to support your child throughout the summer and to establish a foundation for success in mathematics during the 2022-2023 school year.

Thank you,
