Summer 2024

Dear Parents and Guardians:

I hope this letter finds you well and that you have enjoyed a restful and rejuvenating summer. As we gear up for the start of a new school year, I am filled with excitement and anticipation for the wonderful experiences and learning opportunities that lie ahead.

For those of you who have children returning to our schools this September and for those of you joining our community for the first time, we wish your families the best possible school year.

The 2023-2024 school year was particularly successful for our district. Both Division Avenue High School and MacArthur High School were named "Best High Schools" by US News & World Report. Our district was also recognized as a "Best Community for Music Education," and a recent graduate was named a Rhodes Scholar. These are just a few of the many accolades our students and faculty garnered throughout the year, illustrating the wonderful opportunities provided through our schools and serving as a testament to #SuccessatLPS.

We are also excited to welcome the newest member of our Central Office administrative team, Ms. Jaelyn Guidice, Assistant Superintendent for Human Resources. She comes to us from the North Merrick School District, where she served as the Assistant Superintendent for Curriculum, Instruction & Personnel. Ms. Guidice previously spent several years in Levittown as the Assistant Principal at Division Avenue High School. We are thrilled to welcome her back home!

We are grateful for the opportunity to work with your children and look forward to a productive and enjoyable school year. Together, we can make this year a memorable and successful one for all students.

Enjoy the remaining weeks of the summer!

With Warm Regards,

Verano 2024

Queridos padres y guardianes:

Espero que esta carta te encuentre bien y que hayas disfrutado de un verano relajante y rejuvenecedor. Mientras nos preparamos para el inicio de un nuevo año escolar, me siento lleno de entusiasmo y anticipación por las maravillosas experiencias y oportunidades de aprendizaje que tenemos por delante.

Para aquellos de ustedes que tienen hijos que regresan a nuestras escuelas en septiembre y para aquellos que se unen a nuestra comunidad por primera vez, les deseamos a sus familias el mejor año escolar posible.

El año escolar 2023-2024 fue particularmente exitoso para nuestro distrito. Tanto la escuela secundaria Division Avenue como la escuela secundaria MacArthur fueron nombradas "Mejores escuelas secundarias" por US News & World Report. Nuestro distrito también fue reconocido como la "Mejor comunidad para la educación musical" y un recién graduado fue nombrado Rhodes Scholar. Estos son solo algunos de los muchos elogios que nuestros estudiantes y profesores obtuvieron a lo largo del año, que ilustran las maravillosas oportunidades brindadas a través de nuestras escuelas y sirven como testimonio del #SuccessatLPS.

También nos complace darle la bienvenida al miembro más nuevo de nuestro equipo administrativo de la Oficina Central, la Sra. Jaclyn Guidice, Superintendente Asistente de Recursos Humanos. Ella viene a nosotros desde el Distrito Escolar de North Merrick, donde se desempeñó como Superintendente Asistente de Currículo, Instrucción y Personal. La Sra. Guidice anteriormente pasó varios años en Levittown como subdirectora de la escuela secundaria Division Avenue. ¡Estamos encantados de darle la bienvenida a casa!

Estamos agradecidos por la oportunidad de trabajar con sus hijos y esperamos tener un año escolar productivo y agradable. Juntos podemos hacer que este año sea memorable y exitoso para todos los estudiantes. ¡Disfruta de las semanas que quedan del verano!

Con un cordial saludo,

Todd Winch
Superintendente

Dear Parents:

Our District Wide Safety Plan references specific responses to crisis situations. Our responses will help us prepare for a variety of different emergencies. Each school year, these drills are practiced by students and staff to ensure their effectiveness. In many instances, these drills are conducted in cooperation with the 8th or 1st precincts of the Nassau County Police Department. Below you will find a brief description of each drill.

Emergency Drills

In accordance with NYS Education Law, schools are required to hold twelve emergency drills per year, four of which must be lockdown drills, and the remaining eight are required to be evacuation drills. Eight of the required twelve drills will be completed by December 31st.

Emergency Sheltering Drill & Early Dismissal Drill (District Wide)

The Commissioner of Education and the Board of Regents require all school districts under Section 155.13 of the Commissioner's regulations to conduct an **emergency sheltering drill** and early dismissal drill each year. Students will be dismissed from school early. **Due to COVID-19, all dates, times and procedures are subject to change at the direction of NYS Education Department.**

On **November 8th, 2024** approximately 20 minutes before dismissal (3:08 PM elementary schools, 2:35 PM for Middle Schools and 2:05 for High Schools**) students will be assembled in the designated sheltering areas for their building. **Approximately ten minutes before the end of the day (3:18 PM elementary, 2:45 PM middle and 2:15 for high schools) students will be dismissed.** Transportation will be adjusted on that day for all students who are eligible for bus services. All parents should make necessary arrangements to ensure adequate coverage for their student's arrival home ten minutes early. All after-school activities including the LAP program will **not** be canceled.

Lock Out Drill

This is a procedure that allows the school to continue with the normal school day but curtails outside activity and allows no unauthorized personnel into the building. The "lock out" is most commonly used when the threat is general or the incident is occurring outside the school building or on an off-school property.

Lockdown Drill

In certain situations it may be determined that the safest place for students and staff is inside the building and, under such circumstances, the building will be secured by using a lockdown signal from the office. Students and staff are trained to follow proper protocol during lockdowns. They will remain in classrooms until the "all clear" is sounded. Students and staff are not allowed to use their cell phones for calls or for text messaging during a lockdown drill or situation. Hundreds of calls being made simultaneously will not only jam the system, but will result in parents arriving at the school, which only increases the danger to everyone.

These drills are practiced a minimum of four times per year. Please be advised that during the drill visitors are prohibited from entering the building. Visitors who are already inside the building will take part in the drill.

During a lockdown, parents are asked to remain calm as local authorities resolve the situation. If the lockdown is expected to last beyond normal dismissal time, the District will make every attempt to keep parents informed and post information on the District and school website via local media where appropriate. Please keep in mind that you will not be able to pick up your child(ren) while the lockdown remains in effect. This is for your safety and the safety of your child(ren).

Extended Evacuation Drill

This drill requires that all building inhabitants leave the building and grounds and go somewhere safe. Students and staff will move to an alternate offsite pickup zone. District buses will transport students to the building's evacuation site. At the successful conclusion of the drill, students will be transported back to their regular school. Since this drill is held only at select buildings during the year, parents will be notified if their school will participate in the drill.

Each of these drills will be announced and explained to the children. The children will be told that these drills will prepare us to be safe in emergency situations.

If you have any questions or concerns, please do not hesitate to call us.

Sincerely,

Initial notification to persons in parental relation and staff

Dear Parent, Guardian and School Staff:

New York State Education Law Section 409-H, effective July 1, 2001, requires all public and nonpublic elementary and secondary schools to provide written notification to all persons in parental relation, faculty and staff regarding the potential use of pesticides periodically throughout the school year. The Levittown School District is required to maintain a list of persons in parental relation, faculty and staff who wish to receive 48-hour written notification of certain pesticide applications. The following pesticide applications are not subject to prior notification requirements:

- A school remains unoccupied for a continuous 72 hours following an application
- Anti-microbial products
- Nonvolatile rodenticides in tamper resistant bait stations in areas inaccessible to children
- Nonvolatile insecticidal baits in tamper resistant bait stations in areas inaccessible to children
- Silica gel and other nonvolatile ready-to-use pastes, foams or gels in areas inaccessible to children
- Boric acid and disodium octaborate tetrahydrate
- The application of EPA designated biopesticides
- The application of EPA designated exempt materials under 40CFR152.25
- The use of aerosol products with a directed spray in containers of 18 fluid ounces or less when used to protect individuals from an imminent threat from stinging and biting insects including venomous spiders, bees, wasps and hornet.

In the event of an emergency application necessary to protect against an imminent threat to human health, a good faith effort will be made to supply written notification to those on the 48-hours prior notification list. If you would like to receive 48-hour prior notification of pesticide applications that are scheduled to occur in your school, please complete the form below and return it to the Levittown School District, Director of Facilities, Craig Cammarata, 850 Seaman's Neck Road, Seaford, NY 11783, Phone 516-434-7555, Fax# 516-520-8347 CCammarata@Levittownschoools.com.

Dear Parents/Guardian:

New York State Education Law mandates that all absences from school, both excused and unexcused, be treated equally in attendance policies. Parents and students are therefore advised that all absences from school and class are counted equally in determining that a student has exceeded the maximum number of absences permitted under our attendance policy.

Some examples of absences counted equally:

Illness	Suspension	Road test	College visit
Court	Doctor's appt.	Religious observance	Field trip
Accident	Cut class	Family vacation	Physical exam
Truancy	Job interview	Babysitting	
Health Office	Drug counseling	Funerals	

Although some absences are unavoidable, such as illness and college visits, unexcused absences are to be discouraged and disciplinary action may be taken. Examples would include late to school and truancy. When a parent allows a student to miss school, for an unexcused reason, it is called unlawful detention. Examples would include vacation and babysitting. Please keep in mind, that in terms of our Attendance Policy, **all absences count towards credit denial.**

Each student is expected to be in school on time every school day. Absences should be reported no later than 8:00 a.m. by telephone to the attendance office by a parent or legal guardian. Students absent from school for more than half of the day may not participate in any after school activities including athletic and music events scheduled for that day.

Each course is considered to be one class. If a student's absences from a class exceed the attendance requirements for that course, that student will be denied credit. Three latenesses of less than 15 minutes will count as one absence in that course. If a student is late by more than 15 minutes it will count as an absence. Remember all absences count towards the attendance policy.

Daily course – all year	20 absences
Daily course – semester (Sept. – Jan.) (Feb. – June)	10 absences
Odd/even course – all year	10 absences
Daily course with lab on alternate days	20 absences
Daily 2 period course – all year	20 absences

If you have any questions about the district attendance policy, please contact the Attendance Office in your child's school.

Dear Parents,

The safety of our children is the top priority of the Levittown School District. This letter outlines the major safety drills, code of conduct and sex offender notification system used throughout our schools.

In the summer of 2000, the New York State Legislature passed the S.A.V.E. Act, Safe Schools Against Violence in Education. This act is one of the most comprehensive regulations in the nation seeking to address school safety and violence prevention. The legislation covers several specific areas of concern which each district must address.

One such area is the development of a comprehensive School Safety Plan. Our District emergency plan, as well as detailed information about our safety drills including the annual Sheltering/Early Dismissal Drill, can be viewed on our District website under *Parent Resources*.

Another area outlined in the S.A.V.E. legislation is the District Code of Conduct, which is required for the maintenance of order on school grounds. The summary of our Code of Conduct, which must be distributed to all parents as required by law is included with this letter for your review. The entire Code of Conduct can be viewed on our District website under *Parent Resources*.

The Levittown School District uses an e-mail notification system developed by Parents for Megan's Law (PFML) for sex offender notifications. Funded by county, state and federal governments, PFML is a not-for-profit organization dedicated to the prevention of childhood sexual abuse through the provision of education, advocacy, counseling, policy and legislative support services. Subscribers to PFML's e-mail alert system will be notified when a moderate or high-risk sex offender moves into the area. This service is provided to residents at no cost. To sign up for this email notification, go to the district website and click on *Parent Resources*.

Lastly, on September 13, 2010 The Dignity Act was signed into law and took effect on July 1, 2012. New York State's Dignity for All Students Act (The Dignity Act) seeks to provide the State's public elementary and secondary school students with a safe and supportive environment free from discrimination, intimidation, taunting, harassment and bullying on school property, a school bus and/or at a school function. To find out more about this important legislation and what the District does to promote an environment where students feel safe, valued and connected, go to www.levittownschoools.com.

If you have any questions related to student safety or for further information regarding The Dignity Act, please visit our Levittown Public Schools Website or you may contact my office. Good luck in the upcoming school year!

September, 2024

Dear Parents/Guardians,

In 2010, New York State passed the *Dignity for All Students Act (DASA)*. This law went into effect on July 1, 2012 and protects students from harassment, discrimination and bullying by other students or school employees. It stipulates that no student shall be subjected to discrimination based on his or her *actual or perceived* race, color, national origin, ethnic group, gender identity, or biological sex. DASA explicitly states that bullying, taunting, and intimidation on the protected grounds listed above are all forms of harassment; however, it is not limited to those categories.

Harassment under DASA is defined as the “creation of a hostile environment by conduct or verbal threats, intimidation or abuse that has or would have the effect of unreasonably and substantially interfering with a student’s education performance, opportunities or benefits, or mental, emotional or physical well-being...”

Bullying under DASA is defined as “hostile activity which harms or induces fear through threat of further aggression and/or creates terror”. Bullying may be subtle or easy to identify, done by one person or a group. Bullying often includes a real or perceived power imbalance, intent to harm, threat of further aggression.

Cyberbullying under DASA is defined as “the use of technology to harass, threaten, embarrass, or target another person”. Examples of cyberbullying include; mean text messages or emails, rumors sent by email or posted on social networking sites, and embarrassing pictures, videos, websites, or fake profiles.

In response to this new law, and following the recommendation of the NYS School Boards Association, Levittown Public Schools reviewed its policies related to student conduct and social-emotional learning. All necessary updates were made and subsequently approved by the Board of Education. These updates are now included in the Board Policies as well as the Code of Conduct for students and include complaint forms, all of which can be found on the school website on the Board of Education page. The District will continue to review its policies to ensure that the most stringent procedures are in place to deal with these issues.

Dignity Act Coordinators have been appointed in each building. They are the building principal and social workers, who have been specially trained. The process for filing a concern is available on the school website or can be picked up in the main office of your school. Every reported incident of bullying should be recorded and documented.

Dignity Act Training has been given to all employees and will continue throughout the school year. The District will continue to deliver its curriculum to promote civility and citizenship, and as is always the case, a partnership between home and school is essential.

Please continue to visit the school website at www.levittownschoools.com and follow the instructions for continuously updated information.

Sincerely,

Jaclyn Guidice

Civil Rights Compliance Officer

This policy is in accordance with the Internet safety guidelines set forth by the Children's Internet Protection Act of 2001, (CIPA", 47 USC 254 [h]) and the Neighborhood Children's Internet Protection Act ("NCIPA"). The Levittown Union Free School District provides all students and staff access to a wide range of computer resources for the advancement of teaching and learning. Our goal in making this service available is to promote educational excellence by facilitating learning and enabling students to become technologically literate, to supply staff with the necessary tools to ensure their students reach their full potential, and to support district graduation goals that require each student demonstrate computer literacy skills.

Remote Learning

From time to time, schools may be closed as a result of social unrest, act of God, public health emergency, epidemic, pandemic, weather conditions, or regulations or restrictions imposed by any government or governmental agency, but may, pursuant to governmental action, be required to provide remote learning opportunities for students.

In accordance with guidance from the NYS Department of Education (NYSED), the School District (the "District") may implement alternate remote instruction in the event of a prolonged school closure or student absence (the "Continuity of Learning Plan").

To facilitate the Continuity of Learning Plan, the School District has authorized its faculty and administration to utilize online learning platforms. These platforms are useful educational tools and provide opportunities for personal connection between teachers and students. Through these platforms, teachers will continue to maximize opportunities to engage students and to interact with them through technology.

I. Use of Online Learning Platforms

The privacy and confidentiality of all participants is important.

Parents/guardians must remember that online learning is for students and they should not be observing virtual platforms while their child is engaged in a remote learning session. Unless a younger elementary student is in need of technical assistance, parents/guardians should not interrupt learning. If a parent/guardian has a question for their child's teacher, they should send an email to the teacher outside the online learning session; the teacher will respond to the parent/guardian during school hours.

In addition to the policies noted above and other existing District policies, the following rules of conduct apply while the Continuity of Learning Plan is in effect, as well as other times when students and teachers may be engaged in remote learning. **Violation of the following rules will result in appropriate disciplinary action.**

All individuals, including students, their parents/guardians, and their family members, are prohibited from:

1. Recording, taking photos or taking a screenshot(s) of a videoconference session or any content presented in any form during the remote learning session

SUBJECT: STUDENT USE OF COMPUTERIZED INFORMATION
RESOURCES (ACCEPTABLE USE POLICY) (Cont'd)

2. Recording, taking photos or taking a screenshot(s) of a videoconference session or any content presented in any form during the remote learning session
3. Altering a videoconference session or any content presented during remote learning.
4. Sharing, posting, or otherwise distributing, in any manner, either physically or electronically, via email, text or social media (such as Twitter, Snapchat, Instagram, Facebook, Tik Tok, etc.) any videoconference session, any part of a videoconference session, or any altered content, whether they have created or have received the recorded or altered content.
5. Using the remote learning platforms for any purposes other than their intended use as directed by their teacher.
6. Sharing any links, ID numbers, passwords or invitations to a school videoconference session with anyone.

In the remote learning environment, students are to behave at all times as if they were at school and comply in all respects with the Code of Conduct.

Privacy

Access to computers and people from around the world also increases the availability of material that may not be considered to be of educational value. In spite of our efforts to establish regulations for the system, families must be aware that some material obtained via the Internet may contain items that are illegal, defamatory, inaccurate or potentially offensive. In accordance with the guidelines set forth by CIPA and NCIPA, the district has worked with the Internet Service Provider to take precautions to restrict access to the most controversial material through filtering software. Filtering is provided locally for all Internet enabled computers used by students, patrons, and staff on a networked basis. The filtering software restricts the use of electronic mail, social networking sites, chat rooms, instant messaging and other forms of direct electronic personal communications. However, on a global network it is impossible to control all materials and a user may discover controversial information, either by accident or deliberately. Town of Hempstead School Bus Safety Program

Dear Parent,

As our students return to school this September, Levittown Public Schools is proud to announce the continuation of the School Bus Safety Program in partnership with the Town of Hempstead, and in line with NYS Vehicle and Traffic Law 1174-A.

As part of the program, all Levittown owned school buses will be outfitted with safety technology to make the ride to and from school safer for everyone. This technology includes stop-arm enforcement cameras designed to detect vehicles that illegally pass stopped school buses while the bus's stop sign arm and red lights are engaged. The Town then reviews the footage to determine whether to issue a violation by mail.

The safety of our Levittown children is, and always will be, our top priority. The New York Association for Pupil Transportation estimates that motorists illegally pass stopped school buses in New York State 50,000 times a day, and Levittown is no exception. Over time, this safety initiative seeks to curb dangerous driving behavior around school buses.

All this technology has been provided at zero cost to the school district and its taxpayers. This program is 100% violator funded.

If you would like more information, we invite you to review it on our district website at www.levittownschoools.com.

We look forward to seeing you this fall for the return to school!

August 2024

Dear Parent/Guardian:

We are pleased to be transporting your child to and from school this year. Enclosed is your child's bus pass. On the pass you will find the bus stop location, bus arrival time and bus/route number. Kindly be advised, the time listed on your bus pass is an estimated time the bus should arrive. Drivers are not obligated to wait past your assigned stop time. Students, upon entering the bus, must show their bus pass to the Driver.

We are very proud of the safety record of our school buses and the professionalism of our transportation team.

A Parent/Student Handbook has been enclosed for your review. Your cooperation in abiding by these important safety rules will enable both Levittown and contractor Drivers to maintain discipline and ensure a safe trip to and from school.

Listed below are some simple yet important procedures to follow:

- ✓ Provide your child with a backpack or book bag. Loose papers or other items are dangerous as children load and unload the bus.
- ✓ Check your child's clothing for the presence of long drawstrings or other dangling items. Long drawstrings or other dangling items could get snagged in the bus door as the child loads or departs the bus, and should be removed from clothing.
- ✓ Make sure your child arrives at the designated bus stop 5-7 minutes early each day. Children who are late for the bus may panic and chase it, or run into the road.
- ✓ Insist that your child wait for the bus safely in an orderly fashion, back from the roadway. Behavior problems at the bus stop can create hazardous conditions for children.
- ✓ When the bus arrives, your child should wait for the bus driver's signal before boarding. Children should board in single file.
- ✓ Teach your child to sit quietly on the ride to and from school. Behavior problems could distract the bus driver and result in an accident.

It is important that our drivers are able to concentrate on driving the route safely. If anything makes your child feel unsafe at the bus stop or on the bus ride, please contact us at the transportation department, rather than trying to discuss it at the bus stop.

We are deeply committed to the safety of your child as well as all our community's children.

Thank You!

Dajuana Reeves-Alston
Supervisor of Transportation

Parents:

Important School Bus Safety Alert

HELP US PROTECT YOUR CHILDREN AS THEY TRAVEL TO AND FROM SCHOOL

Certain types of children's clothing can create a hazard as your child exits the school bus. Especially dangerous are:

- **Long, dangling jacket or sweatshirt drawstrings**
- **Long backpack straps**
- **Long scarves or other loose clothing**

Such items can be caught in the bus handrail, door, or other equipment as the child exits the bus.

In recent years, a number of children across the U.S. have had their clothing caught as they left the bus. Several children were dragged by the bus and then killed when the bus ran over them.

Please take the time to check your children's clothing to make sure it is safe.

Also, please talk with your children about these safety rules:

- **Stay away from the DANGER ZONES around the bus.**
- **Don't try to pick up something dropped near the bus – the bus driver might not see you.**
- **Remember that other motorists don't always stop for a stopped school bus – use extreme caution whenever getting on or off the bus.**

Parents:

Importante Alerta de Seguridad del Autobús Escolar

AYUDANOS A PROTEGER A SUS HIJOS COMO VIAJAN HACIA Y DESDE LA ESCUELA

Ciertos tipos de ropa para niños pueden crear un peligro cuando su hijo sale del autobús escolar. Especialmente peligrosos son:

- **Cordones largos de chaqueta o sudadera.**
- **Correas de mochila largas.**
- **Bufandas largas u otras prendas sueltas**

Dichos artículos pueden quedar atrapados en la baranda, la puerta u otro equipo del autobús cuando el niño sale del autobús.

En los últimos años, varios niños en todo Estados Unidos se han visto atrapados mientras bajaban del autobús. Varios niños fueron arrastrados por el autobús y luego asesinados cuando el autobús pasó sobre ellos.

Tómese el tiempo de revisar la ropa de sus hijos para asegurarse de que sea segura.

Además, hable con sus hijos sobre estas reglas de seguridad.:

- **Manténgase alejado de las ZONAS DE PELIGRO alrededor del autobús.**
- **No intente recoger algo que se haya caído cerca del autobús: es posible que el conductor del autobús no lo vea.**
- **Recuerde que los demás conductores no siempre se detienen para parar un autobús escolar: tenga mucho cuidado al subir o bajar del autobús.**
